TEN YEARS AGONY FROM ECZEMA

CURED BY CUTICURA

For ten years I suffered untold agonies from Eczema, my lower limbs being so swollen and broken out that I could hardly go about. My brother, a physician of thirty years' practice, and other physicians of splendid ability, tried in vain to effect a cure and signally failed. I became absolutely disheartened, and had lost all hope, when a friend induced me to give CUTICURA REMEDIES a trial. I used two cakes of CUTICURA SOAP and two boxes of CUTICURA (ointment), and it resulted in an *absolute and permanent cure.*

IN SPITE OF STORM.

Chicago's Big Jubilee Parade a Splendid Success.

Thirty Thousand Men Were in the Column.

Vast Crowds Cheer the Crowning Feature.

Santiago Veterans in Line--The Great Parade Reviewed by the President and Other Notables.

CHICAGO, Oct. 19.—Today came the spectacular and crowning glory of the week of jubilee—the great street parade. It started from the corner of Michigan avenue and Congress street promptly at the time scheduled and for four hours it moved swiftly and with scarce a single halt through the principal streets in the business portion of the city. The one draw-back was the weather. The ill fortune which has attended the jubilee in this respect since the commencement of the ceremonies still continued. The skies dark and threatening and the cold, damp winds of Lake Michigan blew unceasingly. This made very little difference in the column of the marchers and still less in the number of spectators who lined the sidewalks, crowded the windows and wedged themselves into every nook from which an advantageous view of the parade could be had.

The storm of the last three days marred in some instances the beauty of the decorations, but these had been repaired as far as possible, and it was through streets gay with fluttering streamers and tossing banners, under arches brilliant with bunting and bright colors, that the parade moved on its way.

ARCHES REBUILT.

During the storm of Monday five arches were levelled to the ground, and by this morning three of them had been restored in better condition than they had ever been. All along the line of march numerous stands had been erected for spectators and fully an hour prior to the moving of the pageant every seat was occupied.

It is estimated that fully 25,000 people witnessed the parade from these stands alone. The sidewalks were packed from the walls of the buildings to the curbs with rows of people, some of whom saw all of the parade, some most of it, some a little, and some none at all.

The police arrangements were perfect and were carried out to the letter. It was decided that the streets throughout the entire business section of the city from the river on the north to Van Buren street on the south, from the river to the lake on the east should be swept clear of all vehicles of every description. At 9 o'clock detachments of police officers were sent to drive every wagon, cart, street car and banana stand outside the prescribed limits. After that hour all vehicles attempting to enter the business portions of the city was promptly turned back and requested to come again tomorrow.

KEPT CARS OUT OF THE WAY.

The street car lines of the north side switched at Illinois street for the return trip, all their passengers being compelled to cross the river on foot. Sightseers from the west side were compelled to walk from Clinton and West Washington streets, and those coming from the south side were forced to walk from VanBuren street and Wabash avenue. The elevated roads were the only transportation lines that were able to continue their work without interruption, and as a consequence their trains were packed to suffocation throughout the day.

President McKinley reviewed the parade from the grand stand erected in front of the Union League club, on Jackson street.

On the stand with him were General Miles, General Shafter, General Chaffee, Secretary Wilson, Judge Emery Speer, the Chinese and Corean ministers and a host of lesser dignitaries. The greatest enthusiasm was manifested by the crowds when the men of the military division were marching by the reviewing stand where the president and the three generals stood.

Many of the men of the First infantry showed in their faces and in their walk the traces of the disease that has been with them since leaving Santiago, but for all that the regiment never did itself more credit than today, and it has done itself credit many times.

The Seventh Illinois infantry and the members of the naval reserve, many of whom were with Clark on the Oregon, evoked cheer after cheer as their broad collars and flapping trousers came down the center of Jackson boulevard. The soldiers and sailors were the last divisions in the parade and despite the cold rain and the colder wind the crowd remained until the last man of them had gone before attempting to leave. About 30,000 men were in line.

ORDER OF THE PARADE.

The following was the order of the parade:

CRY OF DISTRESS.

Republicans Fear Indiana is Lost.

Chairman Hernly Sends a Touching Appeal to Assistant Postmaster General Heath.

CHICAGO, Oct. 19.—The Record has the following, signed special, from its regular Washington correspondent, John T. Suter:

The republicans in the west are looking anxiously toward Indiana. Here it is believed they will have the hardest fight for success, and every available man of experience is being urged to come at once and lend a helping hand. Perry S. Heath, the first assistant postmaster general, is recognized as one of the best politicians in the state, and Chairman Charles S. Hernly, of the republican state committee, has written the following letter to Mr. Heath:

"I hereby extend to you personally, and on behalf of every member of this committee, as well as the executive and advisory committee, a very cordial and pressing invitation to come to Indianapolis as soon as possible and help us out with this campaign. We must have the help of every man that we can get to carry this state. A great many of our republicans are very much disappointed that Mr. McKinley does not spend more time in Indiana and that he spends so much time in Chicago."

Mr. Heath stated today that he would accept the invitation as soon as the pressing demands of his office permitted it.

A Lodge of Colored Elks.

CINCINNATI, Oct. 19.—A lodge of the Order of the Elks, composed of colored men, has been organized in Cincinnati. Grand Exalted Ryler Galvin, of the order, says the action is wholly without warrant and clearly void, as the constitution provides that the members shall be white. He will take no action unless the new lodge undertakes to use the name B. P. of E In that case he will undertake to enjoin them.

Miss Stella Harvey has returned from Peru, where she was the guest of her parents, Mr. and Mrs. W. H. Harvey.

SENDS GOOD CHEER.

President Congratulates General Brooke.

Praise for Work of American Commission.

Evacuation of Porto Rico Ably Accomplished.

Cable Censorship at San Juan Has Been Suspended--The Evacuation of Cuba Goes On.

WASHINGTON, Oct. 19.—The following cablegram has been sent to General Brooke at San Juan:

"To General Brooke: Yourself and associates of the commission have my sincere congratulations.

"WILLIAM MCKINLEY."

NO CENSORSHIP AT SAN JUAN.

NEW YORK, Oct. 19.—The Commercial Cable company today issued the following notice:

"We are advised that the Spanish forces has retired from San Juan de Porto Rico. Therefore the censorship is abolished."

SPAIN MAKING PROGRESS.

WASHINGTON, Oct. 19.—General Wade, president of the American evacuation commission for Cuba, telegraphed the war department last night that 6,000 Spanish soldiers had been embarked already for Spain and that arrangements had been completed, of which the American commissioners had been duly notified by the Spanish commissioners for the embarkation of 40,000 more troops in the near future.

On the whole this progress in view of the limited resources of Spain, is believed to be reasonable. It is realized that the Spanish government is not able to command unlimited transport service, if for no other reason than for lack of cash, obliging it to rely entirely upon the government-aided Campagnie - Trans - Atlantique, whose stock of vessels has already been heavily drawn upon under the exigencies of the war. So long as this disposition is exhibited to carry out in good faith the evacuation of the island our government is not likely to make complaint and the statement that the American commissioners at Havana did yesterday deliver themselves of a formal ultimatum on the subject is said to be erroneous.

HE WILL APPEAL.

Frank Rummins Fined for Alleged Bad Associations.

Deputy United States Marshal Rose Tells the Story of a Wayward Woman.

Frank Rummins, one of the persons arrested at the corner of Columbia and Harrison streets last Sunday evening during a raid by the police, was tried in police court this morning and was fined $5 and costs. He was defended by P. B. Colerick. Rummins denies that he was a visitor of the house and will appeal the case. He asserts that he has a room rented from Keunedy, who conducts the saloon on the ground floor and the officers took him from this room to the police station and charged him with associating with prostitutes. Rummins was alone in the room when the raid was made.

MISUSE OF MAILS.

Deputy Sheriff Rose arrived in the city last evening and told of the tragic death of Mrs. Mattie Strong, of Kendallville. Obscene letters had for three years been sent through the mails to respectable ladies and gentlemen of Kendallville, and one young lady who had received these letters became insane and died in an asylum. Inspector Moore commenced an investigation and circumstances pointed to Mrs. Mattie Strong as the writer. Marked stamps were sold to Mrs. Strong one day and she placed them on envelopes and mailed them without leaving the postoffice. The inspector examined the letters and when they were delivered to the parties to whom they were addressed he made inquiry and learned that they were obscene in character. He went to Mrs. Strong's home and in the presence of her husband charged her with the crime. She denied it and her husband sided with her. They were invited to the postoffice and the inspector showed them the conclusive evidence of the woman's guilt and informed her that an affidavit would be issued for her arrest. When Deputy Marshal Rose went to serve the papers yesterday he learned that Mrs. Strong had died last Saturday. She had taken a dose of iodine and chloroform. Her husband is a respected citizen of Kendallville and has the respect and sympathy of the community.

SLAIN FOR REVENGE.

Unraveling the Bunker Hill Tragedy.

Fitzgerald Woods Arrested for the Murder of a Fourteen-Year-Old Lad--Pursuit of Accomplices.

PERU, Ind., Oct. 18.—Fitzgerald Woods has been arrested for the alleged murder of a fourteen-year-old boy at Bunker Hill two weeks ago. The killing was mysterious, but it has developed that the crime was committed for revenge. The alleged connection of Woods with it is due to a very clever piece of detective work. Men armed with Winchesters and accompanied by bloodhounds are now hunting for two others who are believed to have been associated with Woods.

READY TO RECEIVE.

Y. M. C. A. Delegates Will Arrive Tomorrow.

Reception Committee Will Assign at the Third Church--More Accommodations Are Needed.

The committee having in charge the reception and assignment of delegates to the international conference of the railroad department of the Y. M. C. A., met this morning and completed arrangements for the taking care of visitors as fast as they arrive The Sunday school room of the Third Presbyterian church has been secured as a place for assigning the delegates and this work will be under the direction of G. H. Winslow, secretary of the railroad department at Kansas City, and John Percy, of Chicago. Mr. Winslow was general secretary at the last conference, held at Clifton Forge, Va., while Mr. Percy was secretary at the conference held at Chicago in 1892. Both being familiar with the work in hand, they will perform the assignment task with the facility that experience has taught them.

Quite a number of citizens have kindly responded to the call for entertaining guests but there still remains a shortage of accommodations and all who feel able to take care of one, two or three delegates are requested to send their address to Secretary Burns, at the railroad department this evening if possible. One hundred delegates are as yet without beds or board; 137 are provided with beds but no board, and sixty-five have beds and breakfast, but no dinner or supper. Complete accommodations are provided for the remaining 350 delegates.

A systematic assembling of delegations has been planned. The eastern delegates will make Buffalo the center and take the Nickel Plate; the southeastern delegates will assemble at Pittsburg, Philadelphia and Washington and take the Pennsylvania; the Wabash will get many both east and west; the Grand Rapids and Indiana will have crowds from both north and south. No delegates are expected before tomorrow noon but from that time until the last man is in to register the reception committee will have its hands full.

OPENING SESSION.

A telegram from J. H. Canfield, LL. D., president of the Ohio State university, states that he will not fail to be present to deliver the opening address Thursday evening. The meeting will be at the Baptist Tabernacle, where all of the sessions will be held throughout the convention.

The musical feature of the meetings will go far towards making the proceedings interesting. The singing will be in charge of C. B. Wills, general secretary at Milwaukee, who will lead the singing, assisted by R. E. Budleigh and Charles Puehler, cornetists. The Indiana Male quartet will also be present.

THIS IS TOO BAD.

At a late hour this afternoon Secretary Burns reported that some of those who have pledged themselves to take care of delegates are coming in with requests to be released, making the excuses that they are going out of town, relatives are expected, and for other reasons. In this way about fifty are deprived of accommodations. It is a discouraging situation at this late hour and the committee must rely upon the kindness of the Fort Wayne public to help them out of the dilemma.

PATIENT UNTO DEATH

Sufferings of Mrs. John Dreibelbiss are Ended.

She Passed Peacefully Away Last Evening --Sudden Death of Adolph Bignon --Other Deaths.

Mrs. Catherine M., the beloved wife of John Dreibelbiss, died at 5 o'clock last evening at the family residence, 17 Holman street, of paralysis. Four years ago she suffered a paralytic stroke which made her an invalid and since last January has rendered her almost entirely helpless. Through all her suffering she has borne up with the patience of a true Christian woman, making her affliction as light a burden to others as she was able to do. Mrs. Dreibelbiss was born in Indianapolis, Ind., September 24th, 1852, being the daughter of Mr. and Mrs. James R. Darrow, both of whom survive and reside in this city. Her age was forty-six years and twenty-three days. The deceased was a member of the Baptist Tabernacle. The funeral will take place Friday afternoon at 2 o'clock from the house, Pastor L. L. Henson officiating.

BIGNON.

Late yesterday afternoon Adolph Bignon, of 17 Laselle street, died suddenly in the grocery of P. A. Ofenloch, of heart failure. Mr. Bignon, who has been ailing of late, went to the grocery to get some kerosene oil. As he entered the side door he was greeted by the proprietor, who inquired about his health. Without a warning Mr. Bignon dropped over unconscious and breathed his last half an hour later. Sheriff Melching, accompanied by Justice Harry France as acting coroner, viewed the body and ordered its removal to the undertaking establishment of J. C. Peltier.

The deceased was born in Paris, France, and came to this country in 1872, together with his wife and only son, Charles. He located in New York city, where his wife died a year later. He was a silk hat manufacturer up to seven years ago, when he located here. He lived with his son at 17 Laselle street and was employed as and upholsterer in the Pennsylvania shops until seven months ago when illness compelled him to retire from that job. The son, who is twenty-seven years old, is employed by the Alcatraz Paving company. The deceased was sixty-nine years old. The funeral was held this afternoon from the parlors of Funeral Director Peltier.

Justice France today rendered a coroner's verdict to the effect that deceased came to his death from natural causes, being afflicted with fatty degeneration of the heart.

A post mortem was held this morning by Dr. McEvoy in the presence of a class of the Fort Wayne College of Medicine.

M'CARTHY.

The funeral service of Mary Angelina McCarthy will be held at the Cathedral at 9 o'clock tomorrow morning Interment in the Catholic cemetery.

BRILL.

Ruth Helen, the three-year-old daughter of Mr. and Mrs. Henry Brill, of 301 East Creighton avenue, died last night.

The funeral of little Helen Brill will take place tomorrow afternoon from the house.

HERRING.

Mrs. Dr. Buchman received a telegram last night from Wabash announcing the death of her cousin, Paul Herring. He was the manager and superintendent of the straw board factory at Wabash and was well known here. Quick consumption was the cause of death. Dr. and Mrs. Buchman will attend the funeral.

"BEN HUR."

Home Talent Will Present It at the Masonic Temple.

Most Pretentious Amateur Entertainment Ever Attempted in This City--Gorgeous Spectacular Piece.

Yesterday afternoon the ladies of Trinity Episcopal church, with Mrs. Guild as chairman, held a meeting and completed arrangements for the production at the Masonic Temple, on November 4 and 5, of the great spectacular pantomime, "Ben Hur," the tale of the Christ that has become so popularized by that matchless oriental writer, Gen. Lew Wallace, of Indiana.

The people of Fort Wayne can feel gratified over the success of the ladies in securing for the city an entertainment so pure, so chaste, so grand, including in its presentation beautiful and dazzling spectacular, pantomimic and terpsichorean performance, the equal of which has not been given here. "Ben Hur," as it will be presented, consists of a series of tableaux, scenes, pictures and pantomimic performances, representing the principal events recorded in the book, together with drills, marches, dances and other exercises in groves and gardens of the palace and temple. It is an entertainment that cannot fail to please anybody and the Temple will no doubt be packed at all of the performances. About 100 persons will take part and the rehearsals will be taken up in about a week, under the direction of W. C. Clark, who is the proprietor and manager and who has secured the exclusive right to produce the piece, by special contract with General Lew Wallace.

WILL PUT UP MONEY

Syndicate Wants to Engage in the Sugar Beet Industry.

Will Furnish Half of the Capital if Somebody Will Furnish the Other Half--Promoter Schwerzgen Here.

The sugar beet industy question is again before the people.

This morning Joseph Schwerzgen arrived from Chicago, and in behalf of a syndicate makes the proposition to put up $200,00 towards the erection and equipment of a beet sugar factory if somebody else will put up the other $200,000 necessary. It is figured out that the erection and equipment of a plant will cost $350,000, and that $50,000 will be required for working capital.

Mr. Schwerzgen interviewed Alexander Johnson, of the state institute, as an authority on beet culture. Mr. Johnson assured him that the farmers of Allen county could raise the beets if the factory would materialize. Capitalists will be seen by Mr. Schwerzgen tomorrow.

The handsomest Fountain Dental Cuspador in the world may be seen in the window of Woodworth's drug store. It is called "The Peerless," and is manufactured by the Peerless Fountain Cuspador Co., of this city.

A telegram from Captain Ranke states that the battery boys will be mustered out of service next Tuesday.

PREPARING FOR WAR

France is Getting Ready for a Conflict.

Great Activity in the Arsenal at Toulon.

Immense War Stores are Being Shipped.

Naval Officers are Recalled from Leave of Absence--Official Denials of a Crisis Not Believed.

PARIS, Oct. 19.—In spite of semi-official denials, the Echo de Paris, asserts today that the embarkation of war materials and supplies continues at Toulon, adding that extraordinary activity reigns at the arsenal there.

Four iron clads and three cruisers are embarking ammunition and war materials. Two transports are almost ready for sea.

All French naval officers on leave of absence, have been recalled.

The naval authorities at Toulon are very reticent.

BRISSON MAY RESIGN.

PARIS, Oct. 19.—The Matin says Premier M. Brisson, through ill-health, wishes to retire from the cabinet.

His successor may be M. Bourgeois, now minister of education.

VOTED IT DOWN.

Episcopal Convention Decides Against Three Dioceses in Indiana.

WASHINGTON, D. C., Oct. 19.—The division of Indiana into three dioceses, the southern to be a missionary jurisdiction, caused a spirited debate in the house of deputies of the Episcopal convention today.

The committee on new dioceses divided on the subject, the majority reporting against the southern Indiana missionary jurisdiction and the minority favoring it.

It was argued by the Indiana delegates that while missionary work was being done in foreign lands and in the west, yet that in southern Indiana, the very heart of the country and center of population, there never had been any churches or any church work.

The discussion consumed most of the morning's session. The majority report against the selection of the southern Indiana missionary diocese finally was adopted.

PEACH ORCHARDS DOOMED.

New and Mysterious Tree Disease Works Havoc in Michigan.

NILES, Mich., Oct. 19.—The vast peach orchards of southwestern Michigan are being destroyed by a new tree disease, which is fourfold more damaging than the dreaded yellows.

The disease was first noticed two years ago and, owing to its peculiar effect, which is a stunting of the fruit, when about the size of hazelnuts, has locally been given the name of "little peaches." Its ravages have been so fearful that several large orchards have been annihilated.

In many particulars the new disease resembles the yellows, and by many is considered a new form of that disease; but it spreads much more rapidly and causes the tree to die at the end of the second year, while with yellows the trees will live from three to five years.

In Saugatuck township alone about 4,000 trees have been destroyed this season, and unless a remedy is soon found the farmers of southwestern Michigan will go out of the peach business.

WILL NOT PAY TRIBUTE.

Heated Conversation Between Rockefeller and Rice.

COLUMBUS, Ohio, Oct. 19.—Attorney General Monnett returned yesterday from New York, where he has been trying to elicit facts from the Standard Oil company. Mr. Monnett said he had sufficient evidence to show that the trust has been avoiding the order of the supreme court rather than obeying it. Said he:

"The officers of the trust have got the idea that this proceeding is brought by George Rice, of Marietta, to extort money from the trust. In the sensational encounter between Mr. Rockefeller and Mr. Rice, which has been reported somewhat meagerly in the newspapers, Rockefeller cried out: 'No, sir; millions for defense, but not one cent for tribute.'"

The attorney general said this incident had escaped the newspapers entirely. He was standing between the two men at the time and was fearful that a tragedy might result.

CASE IS GENUINE.

Miss Beck Has Yellow Fever at Warren, Ohio.

WARREN, Ohio, Oct. 19.—Word comes from Newton Falls that Dr. C. O. Probst, of the state board of health, is convinced that Miss Blanche Beck, of Paris township, who recently arrived from Mississippi, has genuine yellow fever.

Miss Beck is showing all symptoms of the disease and is rapidly growing worse. Strict quarantine regulations are enforced and it is belived but few people have been exposed.

Mrs. G. S. Binckley and son, Harry, and her mother, Mrs. L. A. Johnson, of Kenton, Ohio, are guests of Mr. and Mrs. I. E. Allen, of 113 Madison street. They drove by carriage making the distance of 125 miles in three days. Before returning home the visitors will be guests of Mr. and Mrs. George Allen, of 444 Broadway.

FIGHT FOR A CHILD.

Habeas Corpus Proceedings for Celestine Springer.

Allen County Orphans' Home Wants Jasper and Florence Tilberry to Give Up the Girl--Notes.

In the circuit court this morning the Allen County Orphan's home commenced habeas corpus proceedings against Jasper and Florence Tilberry for possession of Celestine Springer, aged twelve years. The child was at one time an inmate of the orphans' home, and was bound out to Mr. and Mrs Tilberry, the contract being that they should give the girl schooling and not mistreat her. The complaint in the habeas corpus suit alleges that the child has been overworked and has not had opportunity to go to school or church. Judge O'Rourke issued the writ and ordered the girl brought into court next Friday at 1:30 p. m. Mr. Tilberry is a farmer.

GUIN CASE DISMISSED.

Judge Dawson this morning dismissed the suit of Edith B. Guin vs. Isaiah and Emma Guin. It was a suit for alienation of the husband's affections, and one of the plaintiff's material witnesses was absent. Defendant admitted the testimony which it hoped to introduce by the absent witness and then Attorney E. V. Emrick asked that the suit be dismissed. A new suit will be commenced.

'SQUIRE IN JAIL.

Cassius P. Bricker Arrested by Deputy Marshal Rose.

He is Accused of Writing an Obscene Letter to His Wife and Sending It Through the Mail.

'Squire Cassius P. Bricker, of Edgerton, is in the county jail. He was arrested this morning by Deputy United States Marshal Rose and brought to this city on the Nickel Plate noon train.

Some time ago Bricker had some trouble with his family and he was arrested by Sheriff Melching and lodged in jail.

An effort was made to have him declared of unsound mind, but a cog slipped in the proceedings and he was released.

Bricker went back to Edgerton and one night the sheriff received a letter from his son asking him (the sheriff) to come down and arrest the 'squire Deputies Lindemuth and Witte went to Edgerton at midnight, but the 'squire had learned of their coming and skipped across the state line into Ohio. It was while in Ohio that he wrote a letter to his wife which is now in possession of the United States authorities. Bricker was not choice in his use of language and his arrest for sending obscene matter through the mails is the result.

READY TO AID FRANCE.

Czar to Assist the Republic in Case of Trouble With England.

PARIS, Oct. 19.—The Soir asserts that the forthcoming visit of the Russian foreign minister, Count Muraviefl, to Paris will be undertaken on the instructions of Emperor Nicholas, in order personally to congratulate the French foreign minister, Mr. Delcasse, upon the firmness he has shown in the Fashoda affair, and to arrange as to the manner in which Russia can give her support most effectively.

CARRYING coals to Newcastle has always been regarded as a synonym for lack of judgment in business, but according to recent reports of the American consul, American silk is now being sold in Lyons, which has long been known as the real center of the silk trade in Europe.

JUSTICE HARLAN, of the United States supreme court, has gone wild about golf and thinks nothing of getting up at 6 o'clock in the morning to enjoy his favorite game. He declares that if his colleagues would follow his example and spend three or four hours in exercise in the open air every morning it would be a great deal better for the cause of justice.

SOME of the discouragements of the advocates of higher education, some of the force of the argument of those who contend that a college course is of no practical benefit, may be realized by a contemplation of the case of a Yale student who was not a freshman—at least not in the catalogue—and who paid a peddler $9 in cash, a note for $20, two coats and a pair of trousers for a "hand-painted etching" which has since been valued by the police and other art critics of New Haven at twenty-five cents.

FATHER, mother, wife and son are running against each other for office in Pawnee county, Oklahoma. The democratic-populist candidate for public weigher is W. M. Obanan, the republican candidate for the same office is W. T. Obanan, son of the democratic-populist candidate, and now the middle-of-the-roaders have nominated Mrs. Obanan, wife of the democratic-populist candidate for public weigher.

REPRESENTATIVES of foreign governments are trying to secure from the Washington naval authorities the secret of the marvelous gunnery displayed by American sailors, but the navy department is not disposed to freely give information on this subject. The request is flattering, but if there really is a secret it is just as well to keep it. If the foreigners will consult American history, however, they will probably find that it is an American characteristic to shoot straight. It seems to be in the blood.

AUSTRIAN and Hungarian manufacturers are organizing a floating exposition, as did Switzerland in 1880. A steamer loaded with sample products from Austro-Hungary will visit ports in the Orient, India and islands in the Pacific and Indian oceans. One of the points to be visited is Manila. In view of the present and future relations one American floating exposition ship should circle around Cuba, Porto Rico and the West Indies early in the season, while a second vessel of like character, sailing from San Francisco, should reach Hawaii and the Philippines in advance of the Austro-Hungarian boat.

THE presence in the city last night and today of Hon. Samuel M. Ralston, democratic candidate for secretary of state, afforded many Fort Wayne democrats the pleasure for the first time of meeting the man who heads the state ticket. Mr. Ralston is one of the ablest democrats in Indiana and has the genuine qualities of leadership. In appearance somewhat and in manner and character distinctly he resembles the lamented Claude Matthews. Mr. Ralston is making an effective canvass and his campaign work is of marked benefit to the democratic party wherever he goes. The more he is known the stronger he becomes in the esteem of democrats. He is rapidly growing into the position of one of the great leaders of the Indiana democracy.

WHEN County Commissioner McGregor, of Indianapolis, began his campaign for re-election on the republican ticket, he took the trouble to provide himself with a new pair of trousers. They were not loud nor in any way conspicuous, but they have come to the front in a way to sink all other issues and require a revision of the campaign speeches on both sides. This is because a sharp-eyed democrat, becoming suspicious of the cut and fit of the "pants," set on foot an investigation, which showed that they had been constructed in a non-union shop. The Central Labor union took the matter up, and now Mr. McGregor has discarded the pants, and is devoting all his time to explaining that he was ignorant of their origin.

THE St. Louis board of health has decided to make an appeal to congress to prevent the emptying of Chicago's sewage, through the drainage canal and the Illinois river, into the Mississippi. The people of St. Louis believe that the health of the city and the welfare of the people living along the two rivers will be endangered by Chicago's new method of disposing of its sewage. This whole question has been discussed over and over again within the past few years, and it is generally understood that the experts on the question have decided that a sufficiently large flow of water will be turned from the lake at Chicago through the canal and into the rivers to remove all danger of contagion from the drainage. If that has not been definitely and certainly decided St. Louis has not been watchful of its interests. The Chicago drainage canal has been under construction for many years. It has cost millions of dollars and is the most extensive project of the kind that has ever been undertaken in any country. There have been repeated and urgent protests against it from people of towns and cities along the canal and the Illinois river, but Chicago has obtained authority from the state of Illinois and from congress to carry out its great plans. The protests of St. Louis at this late day are likely to be of no avail, since they were overruled when the canal was projected and have not been effective since to stop the construction of the canal.

WINTER'S CHARITY.

Grand Benefit Entertainment Will be Given in January.

A Sub-Committee of the Associated Charities is Making Arrangements--Applicants for Aid are Numerous.

The executive committee of the Associated Charities held an important meeting yesterday afternoon for the purpose of planning for the fall and winter work. Plans were freely discussed in regard to finances and one of the conclusions reached was to give a grand charity entertainment next January. It is the desire to make this an important local event and it is proposed to interest not only the musical but other talent of the city, and the plan as discussed promises one of the noteworthy events of the year. A subcommittee has charge and will report in a few days to a full meeting of the executive committee. Some of the statements made public in regard to this matter are misleading, and especially so the one indicating that the society is not in need of funds at the present time. The facts are that money for carrying on the work of the Associated Charities is absolutely necessary, and the proposed entertainment cannot provide for that necessity. Notwithstanding the fact that work in some lines has been better during this summer than during the previous one, there are a great many many men out of employment, and if the winter is at all severe, the charitable associations will have all they can care for. Thus far this fall the applications for aid to the Associated Charities have exceeded those made during the same period last year. The members of that organization do not attempt to explain the reason, but the fact exists. These necessitous cases must be cared for, and through the workroom for women and the labor yard for men, the Associated Charities desires to do its share, but for this purpose money is required and it is necessary to secure it at once.

AT THE TEMPLE.

Boston Lyric Opera Company at the Temple Theatre Next Week.

The famous Boston Lyric opera company of over forty people commence a week's engagement at the Temple theatre next Monday, Oct. 31, with two matinees, Wednesday and Saturday.

This company's reputation for excellence of production, grand list of principals and superb chorus, are well known in this city, and there is no question but what the week's engagement will be one of the big successful events of the season.

Popular prices will prevail, thus affording everyone an opportunity of attending the performance of this great company.

The opening opera will be "The Beggar Student," one of the most popular of comic opera.

The box office opens for sale of seats for the week Friday morning.

The week's repertorie will be announced later.

Superintendent Study's first monthly report shows that there was an attendance during September of 4,699 pupils, which is about the same as last year. Of the total number of pupils in the schools 3,106 are in the primary departments; 1,229 in the grammar departments, and 345 in the High school. Nineteen are in the training school, against sixteen last year. It is expected that when the Hosgland building is thrown open the attendance in the public schools will reach 5,000.

HEARD RALSTON.

Democratic Candidate for Secretary of State Talked.

He is Confident the Democrats Will Make Gains at Galus and Indiana Will Drop Back Into Line.

Hon. Samuel M. Ralston, democratic candidate for secretary of state, addressed a fair sized audience in the city hall last evening. Mr. Ralston arrived in the afternoon and was visited at the Randall hotel by a number of prominent democrats. In the evening the weather was chilly and threatening and the attendance at the city hall was not as large as it should have been, although comfortably filled. Hon. R. C. Bell called the meeting together and, in a few patriotic and encouraging remarks, introduced Mr. Ralston, who prefaced his speech with the statement that he had always been a democrat and considered it an honor to meet with the democrats in good old Allen county. He was disappointed in the vote cast in the "Gibraltar of Democracy" in 1896, but reliable advices were that Allen would this year roll up one of its old-time majorities and do much toward wheeling Indiana back into the democratic ranks where the Hoosier state belonged. Mr. Ralston then proceeded to discuss the living issues of the day, and especially severe was he in telling of the inconsistencies of the alleged "grand old republican party." He showed how the republicans were hoping again to win the election through the support and machinations of the corporations, trusts and all centralized capital, but he believed that the people this year would vote for themselves. He handled the money question in an able manner, and demonstrated by consistent argument that the democratic stand for bimettalism was certain in the end to receive the support of the people. The speaker also discussed state issues. Many times during his address was Mr. Ralston interrupted by hearty applause.

Big Meeting to be Held by No. 36 Tomorrow Evening.

A letter received by Norton Conover announces that the grand master workman of Indiana, T. D. Neal, of Indianapolis, would arrive in this city Thursday and attend the meeting of No. 36 that evening. It is therefore important that every member of the order in this city, irrespective of local lodge affiliation, embrace this opportunity of hearing an address explanatory of the new system of assessment recently adopted and benefits to be derived therefrom. The marvelous growth of the order in the central and southern part of the state recently has awakened an interest everywhere and it is proposed to inaugurate a friendly contest between the north and south portions of the state, the dates, prizes, etc., to be decided upon in the near future. The order will celebrate the twenty-ninth anniversary of its organization on a grand scale at Mount Vernon October 27 and it is presumed that Fort Wayne will be well represented on this occasion. The program, as arranged, is said to be an elaborate one, surpassing, if possible, the Terre Haute celebration one year ago.

SELECT AN ELEVEN.

Foot Ball Supporters Met Last Evening and Decided on a Team.

A number of lovers of foot ball met in the Athletic club rooms last evening to discuss the prospects for a first class foot ball eleven in Fort Wayne this fall. S. C. Moffat, presided, and Thad Monahan acted as secretary. It was the general opinion that Fort Wayne had the material to organize a team that could successfully cope with any elevens at present organized in northern Indiana, southern Michigan and western Ohio. It was finally determined that the city could support an eleven. The personnel of the team is as follows:

Right End—Olds.
Right Tackle—McCurdy.
Right Guard—Johnson.
Center—Loveless.
Left Guard—Felgeuer.
Left Tackle—Bond, Dick.
Left End—Moring.
Quarter Back—Monahan, Kienets.
Half Backs—Orff, Charles Bond, Klein.

PATRIOTISM PROVES FATAL.

Miss Walworth, Who Nursed Sick Soldiers, Dies of Typhoid Fever.

NEW YORK, Oct. 19.—Miss Reubina Walworth died yesterday after a five weeks' illness of typhoid fever, contracted while nursing soldiers at Camp Wikoff. Her mother, Mrs. Ella Hardin Walworth, is at the head of the Women's National War Relief association. Miss Walworth was a Vassar graduate. When war was declared she left a school where she was teaching and took a course in nursing. When the camp at Montauk Point was established she went there as a nurse and devoted herself assiduously to the care of the sick and wounded soldiers.

FLOWERS TAKEN UP.

The City Parks Denuded by Park Superintendent Goers and His Force.

Today the flower beds at the city park were bared by the removal of the more valuable plants to the city greenhouse and the free distribution of the rest among the applicants who presented themselves. A man was stationed at each park to give away the flowers to all who desired them, and as a result of this thoughtful act many homes will be beautified and made cheerful this winter. The park season lasted one month longer than last year. In 1898 there were some heavy frosts in early fall and by the 25th of September all the plants had been removed.

Miss Adella Kratsch gave a progressive pedro party at her home, No. 212 Francis street, last evening, in honor of her guest, Miss Ida Koons. About twenty-five of her friends were present. Refreshments were served at a late hour.

FOR PRISON REFORM

Prison Men's Convention at Indianapolis.

Hon. T. E. Ellison Presents the Report of the Committee on Reform Laws.

INDIANAPOLIS, Ind., Oct. 19.—The National Prison association has decided to hold a mid-winter session of the association in New Orleans in January for the purpose of influencing the people of Louisiana to adopt better prison laws.

It was decided to hold the annual meeting of the association next fall in Hartford, Conn.

Charles Dudley Warner addressed the association on the treatment of prisoners.

He indorsed the reform movement and expressed the conviction that it was possible to take the worst criminals and make new men of them by treating them as men.

SENATOR ELLISON'S REPORT.

The report of the committee on prison law reform was made yesterday afternoon by Hon. T. E. Ellison, of Fort Wayne.

He said that the subject covers every one with which the association has anything to do. The committee, he said, had letters from persons in every state in the union, in which they say they are in favor of bringing about a better condition of affairs and of having the laws more closely followed. He said that in 1816 and 1852, when the Indiana constitution was formulated, the principle was that criminal laws should look toward reform rather than vengeance.

PRISON REFORM IN INDIANA.

Not much was done after this until in 1897, when the sentiment of the people of the state became stronger in favor of reform institutions. He said he did not think a future legislature would have the courage to go backward in providing laws contrary to those now existing. There are people in Indiana who oppose reforms, Mr. Ellison said, but they would rather do nothing than change the practices of their fathers. He held that the indeterminate sentence law has been of great benefit to the state, as it has made the conviction of guilty criminals more certain and has reduced the cost of holding the trials. He upheld that part of the law which gives to the prison board authority to regulate the time a man must remain in prison, where the prisoner is a violator of laws of the institution. Prison boards, he said, are often as capable as a judge or a jury, and often can act with greater disregard of public clamor than either or both of them.

"There should be a law in every state," he said, "which will enable a convict to lead a better life if he desires to when he has left the prison walls."

CONVICT LABOR QUESTION.

On the subject of convict labor, Mr. Ellison, continuing, said:

"This subject seems to be a common meeting ground for all who like to talk. The walking delegate, the radical labor agitator, the prison contractor who wants to buy and use the very life blood of his fellow man, the prison official, the taxeater all discuss it. At the last session of the legislature in Indiana a bill was passed that prohibits the making of contracts for the hiring out of convicts and directing the establishment of the public account system. As a member of the senate I opposed its passage, not because I was in favor of the contract system, for I thought it a relic of slavery and barbaric cruelty. While the system has of late been rid of many of its improper features, there still remains enough of the traffic of human blood and brain in it to condemn it in the minds of all humane people. * * * Since then I have given the subject much thought, and while I know that all systems have their weaknesses, I am of the opinion that the New York scheme is the best that has yet been evolved. The prisoner must work, not only for his own good but society can not tolerate a drone. If we are to reform the convict, we must see to it that he is educated and trained so that he can care for himself, and that when he can he must do it. If we fail in this, the social fabric will decay and break in fragments. I do not believe that the question of competition with free labor should be seriously considered for a moment. The amount of prison-made goods is too inconsiderable.

"The state needs competent and trained citizens more than it does a continued criminal class, who do evil because they do not know how to do better. Whenever a citizen has shown that he has not the moral stamina to live a correct life by the commission of what we call a crime, he should be taken in hand and taught how to live, and be disciplined till he obeys the silent and inexorable commend of society to be up and doing. * * * A man convicted of crime does not lose his ability to think or to know that he is being trifled with. If you want others to do as you wish, you must make them believe you are thoroughly in earnest and that you are demanding of them all their powers and activities. If you want a prisoner to become a good citizen you must inculcate within him the hope and belief that he can do so. * * * Let all prison labor be utilized as an educator for the benefit of the state. If the receipts do not equal the expenditures in money, it will more than pay the state in the moral worth and manhood of these new citizens. If one is saved, many in future will rise up to call the effort a blessed one rather than to curse the system that made felonies to society out of their forefathers."

MUNICIPAL AFFAIRS.

Board of Safety Changed Rules Governing Applicants.

The Water Works Trustees Will Open Bids Tomorrow for New Engine and Pump--Notes.

The board of safety met Monday evening and made the long anticipated changes in the qualifications governing applicants for positions on the fire department. There were to exceed 100 applications for the twelve places to be created when the new engine houses are completed and the board determined to select only the men best physically qualified to fulfill the duties of a fireman. The age limit of applicants was fixed at from twenty-one to thirty-five years, height five feet eight inches and weight 160 pounds. This change disqualified a large number of applicants and twenty-five or thirty applications were sent back with notice that the applicant did not answer the requirements, physically, for appointment to the department.

ENGINE FOR WATER WORKS.

The water works trustees will meet tomorrow afternoon and open bids for the new engine to be purchased for use at the new pumping station on the Pape land. The capacity of the new engine will be 6,000,000 gallons every twenty-four hours. The engine now in use is the Holly and W. K. Helmer, representing the Holly Manufacturing company, is here to bid on the new engine. He says that the Holly company is placing two 15,000,000 capacity pumps in Evansville and two of 35,000,000 capacity in Boston.

MILK TESTS.

City Bacteriologist Drayer informs THE SENTINEL that the board of health is preparing to publish the milk tests of the several dairies which deliver milk in the city. Of the ten last tests made three of them fell below the requirements of the city ordinance. Dr. Drayer says the only safe chance to get pure milk is to purchase of those dairymen whose herds have been examined and who can present certificates of health for their dairies. The board of health may make an exhibit of milk in some show window, so that the consumers can see for themselves the impurities that are found in much of the milk which falls below grade.

MISSIONS ABROAD.

Miss Hudson Talks of Her Work in Far Off India.

Interesting Sessions of the Convention of the Women's Foreign Missionary Society.

The session of the Woman's Foreign Missionary Society was opened this morning at the Wayne street M. E. church with a praise service conducted by Mrs. Long, of Angola. The meeting was full of interest. The reports showed a wonderful increase of receipts over last year. Some excellent papers were read. The officers elected for the ensuing year were as follows:

President—Mrs. L. R. Hartman, Fort Wayne.
First Vice President—Mrs. E. Zimmerman, Auburn.
Second Vice President—Mrs. J. S. Krewson, Ossian.
Third Vice President—Mrs. T. M. Guild, Auburn.
Corresponding Secretary—Mrs. I. F. Mason, Fort Wayne.
Recording Secretary — Mrs. S. Light, Bluffton.
Treasurer—Mrs. T. O. Spaulding, Fort Wayne.

Among those present this morning were Presiding Elder F. T. Simpson and wife, Rev. C. U. Wade and wife, of Muncie; Rev. O. J. Harrison, of Markle, and Rev. T. M. Guild and wife, of Auburn.

This evening Mrs. Gill, returned missionary from England, will give an interesting talk. The Wayne street double quartet will furnish good music.

MEETING LAST EVENING

The most interesting feature of last evening's program was the talk by Mrs. Hudson, who told of the difficulties that beset the missionary in India. Mrs. Hudson, who is the conference secretary, has had opportunity to study the phases of missionary work in this far off land, and her history of the hardships and obstacles that must be met with was vivid and intensely interesting.

She told some stories of the missionary life in India, speaking of three Chinese girls who had been educated in the medical department of the University of Michigan, and who returned to their homes in the Celestial kingdom and are now conducting Christian missions and healing the sick.

The speaker also gave a glimpse of missionary work in Corea.

A report of the twenty-eighth annual meeting of the northwestern branch of the Woman's Foreign Missionary society was read by Mrs. Carrie Schrader-Gesaman, and it proved that the financial condition of the society showed an increase in receipts. She told of the Nicodemus home, the Calcutta Girls' High school and other institutions in which the society is interested. The total receipts of the society for the year were $84,136.35.

During the afternoon session yesterday the chair appointed the following committees:

Resolutions—Mrs. F. M. Kemper, of Angola; Mrs. Dr. Newman, of Ossian, and Mrs. Marsh, of Bluffton.

Committee on Woman's Missionary Funds—Miss Carrie A. Smith and Mrs. Powell.

Committee on Enrollment—Miss Luella Boles and Mrs. G. S. Miller.

Committee on Literature—Mrs. M. A. Mason and Mrs. Carrie Schrader-Gesaman.

Committee of the Press—Mrs. William Brizzolara.

The Young Ladies' Missionary circle of the Wayne Street church gave a delightful reception in the lecture rooms of the church after the evening session. In a pretty alcove at the end of the room a bevy of the misses served punch to their guests, and everybody mingled in social converse. The young ladies having the affair in charge were Misses Iva Maxwell, Myrtle Maxwell, Grace Tinkham, Grace Harding, Grace Davis, DeEtta Davis, Grace Walters, Gertrude Wilding and Luella Boles.

LAFAYETTE DAY.

Exercises Held in the public and Parochial Schools--Collection Taken Up.

This is the day set aside for the observance of Lafayette day in the public and parochial schools. Exercises appropriate to the occasion were held this afternoon, and collections were taken up, no pupil being allowed to give more than five cents. The amount thus raised will be forwarded to apply on a fund for the erection of a monument to the heroic soldier who did so much toward bringing about American independence.

NO FAITH CURE.

About Stuart's Dyspepsia Tablets.

They Cure Stomach Troubles and Indigestion Anyway--Whether You Have Faith in Them or Not.

Mere faith will not digest your food for you, will not give an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 98 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized package, or by mail from the Stuart Co., Marshall, Mich.

The suits that keep their shape are found at Patterson's

18 Sefton Drive,
LIVERPOOL, July 28, '96.

I have much pleasure in stating that Miss Oliver recited a passage from the Bonnie Brier Bush in a way that gave me much satisfaction and showed a thorough understanding of the spirit of the book. Miss Oliver also renders the Scottish accent excellently.

UTAH KIDNEY BEANS

The Great Kidney and Bladder Remedy.

A certain cure for Bright's Disease Diabetes Dropsy, Stone in Bladder, Gall Stones, Inflammation of Kidneys or Bladder, Incontinence of Urine, Retention in Urine Sediment in Urine, Scalding Urine, Difficulty in Passing Urine, and Backache and Hidden Kidney Troubles, Chronical Swellings, Pains in the Back, Irritation and Pains in the Bladder, Palpitation of the Heart, Pains under the Shoulder-Blades, Extreme Pains in the Loins, Sallow Complexion, Blotches, Continuous Headache, Great Thirst.

Beware of Liquid Kidney Remedies!

they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the disease. Utah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hull, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses **Utah Kidney Beans** for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give Utah Kidney Beans a standing that no other kidney remedy in the country has. Mrs. Hull received great benefit from the use of Utah Kidney Beans; they gave her new strength—and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them vigorous health. Strength begins to return after the first few doses.

WABASH CHANGES.

Foremen of Several Shops Transferred.

George F. Hess Promoted From the Ranks of Machinists—The Pennsylvania Will be Sued by Proskowetz's Heirs.

Master Mechanic C. H. Doebler, of the eastern division of the Wabash, has made a general change and transfer in the foremanship of the shops on the division, outside of Fort Wayne. The changes are as follows:

Charles H. Felske, transferred from Montpelier, Ohio, to Delray, Mich., to take the place of H. K. Mudd, resigned.

George F. Hess, a machinist in the shops in this city, appointed foreman of the Montpelier shops.

G. J. DeVilbiss transferred from Andrews to Tilton.

J. L. Flynn, assistant foreman at Andrews, made foreman of those shops.

Charles Z. Bond transferred from Tilton to Fort Wayne, where he will be made a gang foreman.

These changes are regarded as promotions and are entirely satisfactory to all concerned. George Hess has been with the Wabash only a short time, his service dating from the time of his resignation last summer as engineer of the city pumping station. He is prominent in labor circles in the city, being the president of the Trades and Labor council. THE SENTINEL bespeaks for him rapid rise and a prominent place in the official roster of some railway.

A SALE AVERTED.

In the federal court at Indianapolis Volney T. Malott, receiver for the Vandalia railroad, asked permission to pay $93,030 due as interest on the bonds of the Terre Haute and Logansport railroad, which is being operated under lease, and which was to have been sold October 20 to satisfy the claims of the bondholders for $1,000,000, with interest, from July, 1897. In the petition the receiver sets forth that by paying the interest of $93,030 the sale can be prevented, and as the money can be spared for the purpose it is desirable to save the road to the company besides saving the immense costs which are bound to be levied should the road be sold. Judge Baker granted the order authorizing the payment of the money, thereby preventing the sale, which was to have taken place at Crawfordsville tomorrow.

FORT WAYNE CAPITAL INTERESTED.

The Portland Commercial says: "A number of well known business men of this city are making a strong effort to have a large wheel manufacturing plant in this city, and thus far are succeeding very nicely and feel that the proposed industry is well within reach. Parties from Fort Wayne, also Galion, Ohio, have an eye on the old Haynes wheel works with a view of starting the machinery to going and giving employment to a number of hands. W. S. Fleming owns the building and has agreed to sell it for $3,800 and give $200 as his share toward having the enterprise here. The parties who have it under consideration will locate in Portland and carry on the factory provided the plant is given to them. In order to do this a committee was appointed at the meeting held in the council chamber last evening to solicit funds. This committee was hard at work this morning and succeeded in raising quite a sum, with more to hear from. It is expected that the affair will be closed up very shortly, as some of the people interested are looked for today. Portland needs enterprises of this kind, and needs them badly; and if they are wanted there is no better time for the citizens to lend their aid toward getting them."

WILL SUE FOR DAMAGES.

A special telegram from Wabash, Ind., to the Indianapolis News says that the Pennsylvania company will be made defendant in a suit for heavy damages for the accidental killing of the Austrian consul general, Von Proskowetz, in Fort Wayne several weeks ago. The public has been expecting an announcement of just such a character, but will be surprised at the source from whence it comes. It has been said that the Pennsylvania company's employes should have locked the car door, thus averting the deplorable accident. In this connection it will be interesting to know that the laws of Indiana prohibit the locking of car doors when the cars are in service and passengers are within. Prior to the enactment of such a law it was the custom of the Pennsylvania company to have its car doors locked when they were being shifted as was the car from which Proskowetz fell to his death. If suit is filed, it probably will be upon some other ground than neglect of the company to have the car door locked.

MORE CARS TO BUILD.

This morning the blacksmith department of the Pitisburg shops made a requisition for material for 200 gondola cars, and as soon as the steel arrives work will commence upon the order. This is in addition to the 108 hopper bottom ore cars the blacksmiths are now working upon. It means plenty of work, not only for the blacksmiths, but for the entire force engaged in building cars, for some months.

A BLACKSMITH HURT.

John Rost, of the Pittsburg blacksmith shop, received an ugly wound on his left leg, below the knee, this morning by being struck by a tool. The cut was over an inch long and extended to the bone.

SHORT OF CARS.

A Pennsylvania official said this morning that the company was short on box cars. In fact, there are orders for several hundred cars in excess of the available number. This means that business on the road is unusually heavy. And it is not confined to traffic wherein box cars are employed, for the shortage includes every class of cars used on roads running through Indiana.

BANK CLOSES DOORS.

German National, of Pittsburg, in Severe Straits.

Institution Goes Into Voluntary Liquidation—Encountered a Series of Misfortunes—May be Able to Pay in Full.

PITTSBURG, Pa., Oct. 19.—Notwithstanding the rumors that have been afloat for some time concerning the financial straits of the German National bank, of this city, the announcement this morning that the bank had gone into voluntary liquidation caused great surprise and many depositors hurried to the bank to find the doors closed. Outside a small crowd assembled, but there was no excitement. The suspension of the bank can be traced directly to two causes, the carrying of too many securities of the Natalie Coal and Coke company, and large loans on insufficient collateral.

The beginning of the difficulty was nearly a year ago, when the Natalie company's paper became the object of much intricate litigation, in which the German National bank figured.

This was followed a few weeks ago by the sudden retirement of Charles Burgdoff, as cashier. The final stroke was the confession of heavy judgments by Adolphus, William C. and O. H. Groetzinger and A. Groetzinger & Sons to Edward Groetzinger and the issuance yesterday of executions.

A. Groetzinger was president of the bank and his financial troubles, it is said, were caused principally by the failure of the Munson Belting company in Chicago last week.

Other heavy losses are said to have been sustained, but it was supposed the large personal wealth of the family would enable the firm to tide over the difficulty.

It is said that some time ago the Groetzingers were awarded a contract for many thousand shoe soles by an eastern firm, but, through a misunderstanding of orders, singles instead of pairs were made and on this transaction alone $90,000 were lost.

The German National bank was organized in 1864 and reorganized in 1884. At the beginning of the present year its capital stock was $250,000; surplus, $500,000, and undivided profits, $2,229 17.

Last year it was paying dividends at the rate of 12 per cent. per annum, and since its organization has paid nearly a million dollars in dividends.

The last statement showed individual deposits of $1,650,000, loans and discounts $1,158,000. Captial stock paid in $250,000; surplus fund $250,000.

It was rumored that the state treasurer had $150,000 on deposit in the bank, but this was denied by the directors. They stated that the deposit had been reduced, if not entirely eliminated, since James S. Beacon became state treasurer.

Bank Examiner Young is now in charge. He says the securities held by the bank are ample to pay all depositors dollar for dollar.

ROMANTIC WEDDING

Sweethearts Meet at Depot in Columbus and Send for Minister.

COLUMBUS, Ohio, Oct. 19.—Mrs. Nannie F. Wade, of Roanoke, Va., and Dr. Thomas F. Taylor, of Danville, Cal., were the principles in a romantic wedding here.

The two were lovers in childhood, each married to another and were released by death. After long years they met at the Union depot here. The old spark was rekindled, a minister was summoned and the two were made man and wife in a Panhandle smoking car.

Fifteen minutes later the happy couple were on their way to California.

Sam, Pete & Max CLOTHIERS. Fort Wayne's Largest and Best Clothing Store. Sam, Pete & Max CLOTHIERS.

Hundreds Made Happy.....

During the past week at Sam, Pete & Max's. The many people who have made purchases in our Clothing department have nothing but words of praise for the beautiful garments and excellent value they secured. We have said we could please you and we never say a thing unless it's so.

Listen to some more things that are so. Beyond all question we have for our fall trade a stock of clothing to which the term "superb" fitly applies, a stock not matched by any other house in Northern Indiana, either in extent, variety or remarkable lowness of price.

Sam, Pete & Max's Overcoats Which we offer at $7.50 to $26.00 are unlike any others you ever saw at these prices. Better made, more satisfactory as to fit, firm trimmings, choice styles.

Sam, Pete & Max Suits For Men At $10.00 to $20.00 are superior in every way to those found at other places for the same money. We invite comment, comparison, criticism. Our suits will please you, and please you fully, completely, abundantly. No half way work about it when you buy Sam, Pete & Max's suits.

Boys' Suits. Overcoats, Reefers. Any grade you want to buy, at any price you want to pay, provided always that you are willing to pay a lower price here than the same thing costs otherwhere. This children's department of ours is assuming immense proportions, our attractive styles, choice goods and low prices are attracting all the mothers in Fort Wayne. "What shall we do with our boys?" is no longer a question—Take them to Sam, Pete & Max's, of course.

In Many Places Lowering the Price Means Lowering the Grade. It's the Other Way at

ONE-FIFTH THE COST OF MEAT

Rich Cream WITH . . . . Grape-Nuts

A charming dish.

VALUE OF CREAM.

As Compared With Meat.

One of the most valuable items in ones dietary is good, rich cream. The remark is frequently made that "cream is too expensive to use freely." Some people think they must have meat every day at 10 and 25c per pound and do not realize that 5 cents worth of pure cream for breakfast will do more to put on flesh than 25 or 30 cents worth of meat.

An ideal portion of breakfast is that obtained from say, four teaspoons of Grape-Nuts and a little, pure, thick cream, either cold or hot.

This is one of the most delicious dishes imaginable and is served without cooking or trouble of any kind and cannot be equaled in point of food value for the human body.

Made by the Postum Co., at Battle Creek, Mich.

The Grape-Nuts, consisting largely of grape-sugar, have passed through processes similar to the first act of digestion and are therefore most easily digested, and in combination with cream, they render the cream itself easy of digestion.

Grocers sell Grape-Nuts.

Nice tender pigs feet at Mensch's, 23 West Columbia street.

Overcoats A Necessity.

A fall weight overcoat is an absolute necessity if a man wants to look well and keep well. "Old Pneumonia" just lies around looking for the man without an overcoat. You will find it a good deal cheaper to own an overcoat than to be sick. An overcoat costs less than a funeral.

We have sold a lot of overcoats this fall, especially in the new light colored box coats. We have an endless array of good overcoats at $7.00, $8.00, $10.00 and $12.00. Our lines at $15.00 and $18.00 are simply cracker-jacks.

Don't forget our suits line is the largest in the city.

FRIEND'S Clothing Store, Calhoun & Berry Sts.

Charles Lyons has gone to Chicago to see the sights during the peace jubilee.

Mrs. Warham, a niece of Mr. and Mrs. A. H. Polhamus, is a guest of that couple. The visitor resides in Valparaiso.

The gold medals hung up by the street railway company for the winners of the pennant in the Robison Park league, and won by the Shamrocks, were delivered to that club today.

You May Ponder and Wonder

How and why we can sell Dry Goods, Cloaks, Furs, Dress Goods, Notions, etc., at such low prices. It's

BECAUSE we sell strictly for cash, thereby avoiding losses.

BECAUSE our expenses are lower than any other Dry Goods House in the city.

BECAUSE our large volume of sales admit of small profits.

BECAUSE we give no discount to any one. Here the dressmaker, the salesman, the clergyman, the housewife, the rich and the poor all have the same low price. No one has any advantage.

The Above Are True Facts.

That's why we can and do at all times sell goods at such low prices.

Now Then, Listen!

BEGINNING TOMORROW AT 8:30 A. M., and all this week, we place on sale 100 Ladies' and Misses' Jackets at **$2.98, $3.98, $5.00 and $7.50.** Guaranteed to be worth 25 per cent. more.

TEN-YEARS AGONY FROM ECZEMA

CURED BY CUTICURA

I was troubled with Eczema from infancy to manhood. For ten years I had a living sore from head to foot, so intense and loathsome that I could hardly go about. My trouble was pronounced by many doctors, physicians and other specialists of incurable character, tried in vain to take Cuticura a step at a time, and finally became absolutely disheartened, and had lost all hope, when a friend induced me to give the Cuticura Remedies a trial. I used two cakes of Cuticura Soap and two bottles of Cuticura Resolvent, and was entirely cured in a short time. I am now in the prime of manhood, strong and healthy, and I owe it all to the Cuticura Remedies. DAVID M. KEEF, Plymouth, Ill.

IN SPITE OF STORM.

Chicago's Big Jubilee Parade a Splendid Success.

Thirty Thousand Men Were in the Column.

Vast Crowds Cheer the Crowning Feature.

Santiago Veterans in Line—The Great Parade Reviewed by the President and Other Notables.

CHICAGO, Oct. 19.—Today came the spectacular and crowning glory of the week of jubilee—the great street parade. It started from the corner of Michigan avenue and Congress street promptly at the time scheduled and for four hours it moved swiftly and with scarcely a single halt through the principal streets in the business portion of the city. The cool drawbacks was the weather. The ill fortune which has attended the jubilee in this respect since the commencement of the ceremonies still continued. The skies dark and threatening and the cold, damp winds of Lake Michigan blew unceasingly. This made very little difference in the column of the marchers and still less in the number of spectators who lined the sidewalks, crowded the windows and wedged themselves into every nook from which an advantageous view of the parade could be had.

The storm of the last three days marred in some instances the beauty of the decorations, but these had been repaired as far as possible, and it was enough like a gay with flattering streamers and tossing banners, under arches brilliant with bunting and bright colors, that the parade moved on its way.

ARCHES REBUILT.

During the storm of Monday five arches were levelled to the ground, and by this morning three of them had been restored in better condition than they had ever been. All along the line of march numerous stands had been erected for spectators and fully an hour prior to the moving of the pageant every seat was occupied.

It is estimated that fully 75,000 people witnessed the parade from those stands alone. The sidewalks were packed from the walls of the buildings to the curbs with rows of people, some of whom saw all of the parade, some most of it, some a little, and some none at all.

The police arrangements were perfected and were carried out to the letter. It was decided that the streets throughout the entire business section of the city from the river on the north to Van Buren street on the south, from the river on the lake on the east would be swept clear of all vehicles of every description. At 9 o'clock detachments of police officers were sent to drive every wagon, cart, street car and banana stand outside the prescribed limits. After the hour all vehicles attempting to enter the business portions of the city was promptly turned back and requested to come again tomorrow.

KEPT CARS OUT OF THE WAY.

The street car lines of the north side switched at Illinois street for the return trip, all their passengers being compelled to cross the river on foot. Sightseers from the west side were compelled to walk from Clinton and West Washington streets, and those coming from the south side were forced to walk from VanBuren street and Wabash avenue. The elevated roads were the only transportation lines that were allowed to continue their work without interruption, and as a consequence their trains were packed to suffocation throughout the day.

President McKinley reviewed the parade from the grand stand erected in front of the Union League club, on Jackson street.

On the stand with him were General Miles, General Shafter, General Chaffee, Secretary Wilson, Judge Kenesaw Mountain Landis, Governor Tanner in a two-horse landau, containing President McKinley, Mayor Harrison and Chairman Charles Trask; escort of 192 men, representing the G. A. R., Sons of Veterans, naval reserves and the First and Seventh regiments Illinois volunteers; two-horse landau, containing members of the president's cabinet, diplomatic representatives, senators, members of congress, army and navy officers, and other guests, accompanied by members of peace jubilee committee; Governor Tanner in a two-horse landau, with members of his staff, mounted, and escort of cavalry; Governor Mount, of Indiana, in a two-horse landau, with members of his staff, mounted; two-horse landau, containing mayors of cities and other official guests.

CRY OF DISTRESS.

Republicans Fear Indiana is Lost.

Chairman Hardy Sends a Touching Appeal to Assistant Postmaster General Heath.

CHICAGO, Oct. 19.—The Record has the following, signed special, from its regular Washington correspondent, John T. Suter:

The republicans in the west are looking anxiously toward Indiana. Here it is believed they will have the hardest fight for success, and every available man of experience is being urged to come at once and lend a helping hand. Perry S. Heath, the first, assistant postmaster general, is recognized as one of the best politicians in the state, and Chairman Charles S. Hernly, of the republican state committee, has written the following letter to Mr. Heath:

"I hereby extend to you personally, and on behalf of every member of this committee, as well as the executive and advisory committee, a very cordial and pressing invitation to come to Indianapolis as soon as possible and help us out with this campaign. We must have the help of every man that we can get to carry this state. A great many of our republicans are very much disappointed that Mr. McKinley does not spend more time in Indiana and that he spends so much time in Chicago.

Mr. Heath stated today that he would accept the invitation as soon as the pressing demands of his office permitted it.

A Lodge of Colored Elks.

CINCINNATI, Oct. 19.—A lodge of the Order of the Elks, composed of colored men, has been organized in Cincinnati. Grand Exalted Ruler Galvin, of the order, says the action is wholly without warrant and clearly void, as the constitution provides that the members shall be white. He will take no action unless the new lodge undertakes to use the name B. P. of E. In that case he will undertake to enjoin them.

SENDS GOOD CHEER.

President Congratulates General Brooke.

Praise for Work of American Commission.

Evacuation of Porto Rico Ably Accomplished.

Cable Censorship at San Juan Has Been Suspended—The Evacuation of Cuba Goes On.

WASHINGTON, Oct. 19.—The following cablegram has been sent to General Brooke at San Juan:

"To General Brooke: Yourself and associates of the commission have my sincere congratulations.

"WILLIAM MCKINLEY."

NO CENSORSHIP AT SAN JUAN.

NEW YORK, Oct. 19.—The Commercial Cable company today issued the following notice:

"We are advised that the Spanish forces has retired from San Juan de Porto Rico. Therefore the censorship is abolished."

SPAIN MAKING PROGRESS.

WASHINGTON, Oct. 19.—General Wade, president of the American evacuation commission for Cuba, telegraphed the war department last night that 6,000 Spanish soldiers had been embarked already for Spain and that arrangements had been completed, of which the American commissioners had been duly notified by the Spanish commissioners for the embarkation of 40,000 more troops in the near future.

On the whole this progress in view of the limited resources of Spain, is believed to be reasonable. It is realized that the Spanish government is not able to command unlimited transport service, if for no other reason than for lack of cash, Spain being only able to rely upon the government-aided Compagnie Trans-Atlantique, whose stock of vessels has already been heavily drawn upon under the exigencies of the war. So long as this disposition is exhibited to carry out in good faith the evacuation of the island our government is not likely to make complaints and the statement that the American commissioners at Havana did yesterday deliver themselves of a formal communication on the subject is said to be erroneous.

HE WILL APPEAL.

Frank Rummins Fined for Alleged Bad Association.

Deputy United States Marshal Ross Tells the Story of a Wayward Woman.

Frank Rummins, one of the persons arrested at the corner of Columbia and Harrison streets last Sunday evening during a raid by the police, was tried in police court this morning and was fined $5 and costs. He was defended by D. B. Colerick. Rummins denies that he was a visitor of the house and will appeal the case. He asserts that he has a room rented from Kennedy, who confesses the saloon on the ground floor and the officers took him from this room to the police station and charged him with associating with prostitutes. Rummins was alone in the room when the raid was made.

HOUSE OF MAIDS.

Deputy Sheriff Ross arrived in the city last evening and told of the tragic death of Mrs. Nellie Strong, of Kendallville. Obscene letters had for three years been sent through the mails to respectable ladies and gentlemen of Kendallville, and one young lady who had received these letters became insane and died in an asylum. Inspector Moore commenced an investigation and circumstances pointed to Mrs. Mattie Strong as the writer. Marked stamps were sold to Mrs. Strong one day and she placed them on envelopes and mailed them without leaving the postoffice. The inspector examined the letters and when they were delivered to the parties to whom they were addressed he made inquiry and learned that they were obscene in character. He went to Mrs. Strong's home and in the presence of her husband charged her with the crime. She denied it and her husband sided with her. They were invited to the postoffice and the inspector showed them the compromising evidence of the woman's guilt and informed her that an affidavit would be issued for her arrest. When Deputy Marshal Ross went to serve the papers yesterday he learned that Mrs. Strong had died two Saturday. She had taken a dose of laudanum and chloroform. Her husband is a respected citizen of Kendallville and has the respect and sympathy of the community.

SLAIN FOR REVENGE.

Unraveling the Bunker Hill Tragedy.

Fitzgerald Weeks Arrested for the Murder of a Fourteen-Year-Old Girl—Puts Accomplices.

PERU, Ind., Oct. 18.—Fitzgerald Weeks has been arrested for the alleged murder of a fourteen-year-old boy at Bunker Hill two weeks ago. The killing was mysterious, but it has developed that the crime was committed for revenge. The alleged connection of Weeks with it is due to a very clever piece of detective work. Men armed with Winchesters and accompanied by bloodhounds are now hunting for two others who are believed to have been associated with Weeks.

READY TO RECEIVE.

Y. M. C. A. Delegates Will Arrive Tomorrow.

Reception Committee Will Assign at the Third Church—State Accommodations Are Needed.

The committee having in charge the reception and assignment of delegates to the international convention of the railroad department of the Y. M. C. A., met this morning and completed arrangements for the taking care of visitors as far as they arrive. The Sunday school room of the Third Presbyterian church has been secured as a place for assigning the delegates and this work will be under the direction of G. H. Winslow, secretary of the railroad department at Kansas City, and John Percy, of Chicago. Mr. Winslow was general secretary at the last convention, held at Clifton Forge, Va., while Mr. Percy was secretary at the convention held at Chicago in 1892. Both being familiar with the work in hand, they will perform the assignment task with the facility that experience has taught them.

Quite a number of citizens have kindly responded to the call for entertaining guests but there still remains a shortage of accommodations and those who feel able to take care of one, two or three delegates are requested to send their address to Secretary Burns, at the railroad department this evening if possible. One hundred delegates are as yet without beds or board; 150 are provided with beds but no board, and sixty-five have beds and breakfast, but no dinner or supper. Complete accommodations are provided for the remaining 350 delegates.

The systematic assigning of delegations has been planned. The eastern delegates will make Buffalo the center and take the Nickel Plate; the southwestern delegates will assemble at Pittsburg, Philadelphia and Washington and take the Pennsylvania; the Wabash will get many both east and west; the Grand Rapids and Indiana will have crowds from both north and south. No delegates are expected before tomorrow noon but from that time until the last man is in to register the reception committee will have its hands full.

OPENING SESSION.

A telegram from J. H. Canfield, LL. D., president of the Ohio State university, states that he will not fail to be present to deliver the opening address Thursday evening. The meeting will be at the Baptist Tabernacle, where all of the sessions will be held throughout the convention.

The musical feature of the meetings will go far towards making the proceedings interesting. The singing will be in charge of C. H. Wilder, general secretary at Ashtabula, who will lead the singing, assisted by R. E. Barleigh and Charles Pushler, cornetists. The Indiana Male quartet will also be present.

THIS IS TOO BAD.

At a late hour this afternoon Secretary Burns reported that some of those who have pledged themselves to take care of delegates and to bring them with requests to be released, making the excuse that they are going out of town, relatives are expected, and for other reasons. In this way about fifty are deprived of accommodations. It is a discouraging situation at this late hour and the committee must rely upon the kindness of the Fort Wayne public to help them out of the dilemma.

PATIENT UNTO DEATH

Sufferings of Mrs. John Brotheliss are Ended.

She Passed Peacefully Away Last Evening —Sudden Death of Adolph Bignon —Other Deaths.

Mrs. Catherine M., the beloved wife of John Brotheliss, died at 6 o'clock last evening at the family residence, 17 Holman street, of paralysis. Fifteen months ago she suffered a paralytic stroke which made her an invalid and since last January has rendered her almost entirely helpless. Through all her suffering she has borne up with the patience of a true Christian woman, looking forward to the light of heaven to others as she was able to do. Mrs. Brotheliss was born in Indianapolis, Ind., September 24th, 1853, being the daughter of Mr. and Mrs. James R. Darrow, both of whom survive and reside in this city. For ago was forty-six years and twenty-three days. The deceased was a member of the Baptist Tabernacle. The funeral will take place Friday afternoon at 2 o'clock from the house, Pastor L. J. Benson officiating.

BIGNON.

Late yesterday afternoon Adolph Bignon, of 1 Lafayette street, died suddenly in the grocery of P. A. Otenlech, of heart failure. Mr. Bignon, who has been ailing of late, went to the grocery to get some kerosene oil. As he entered the room he was greeted by the proprietor, who inquired about his health. Without a warning Mr. Bignon dropped over unconscious and breathed his last half an hour later. Sheriff Meiching, accompanied by Justice Harry Franco as acting coroner, viewed the body and ordered its removal to the undertaking establishment of J. C. Peltier.

The deceased was born in Paris, France, and came to this country in 1872, together with his wife and only son, Charles. He located in New York city, whom his wife died a year later. He was a silk hat manufacturer up to seven years ago, when he located here. He lived with his son at 17 Lasalle street and was employed as and upholsterer in the Pennsylvania shops until seven months ago when illness compelled him to retire from that job. The son, who is twenty-seven years old, is employed by the Akatrex Paving company. The deceased was sixty-nine years old. The funeral was held this afternoon from the parlors of Funeral Director Peltier.

Funeral services today rendered a coroner's verdict to the effect that deceased came to his death from natural causes, being afflicted with fatty degeneration of the heart.

A post mortem was held this morning by Dr. McElroy in the presence of a class of the Fort Wayne College of Medicine.

MCCARTHY.

The funeral service of Mary Angela McCarthy will be held at the Cathedral at 9 o'clock tomorrow morning. Interment in the Catholic cemetery.

BALL.

Ruth Helen, the three-year-old daughter of Mr. and Mrs. Henry Brill, of 301 East Creighton avenue, died last night.

The funeral of little Helen Brill will take place tomorrow afternoon from the house.

BURNING.

Mrs. Dr. Buchanan received a telegram last night from Wabash announcing the death of her cousin, Paul Herring. He was the manager and superintendent of the straw board factory at Wabash and was well known here. Quick pneumonia was the cause of death. Dr. and Mrs. Buchanan will attend the funeral.

"BEN HUR."

Hamlin Talent Will Present It at the Masonic Temple.

Most Pretentious Amateur Entertainment Ever Attempted in This City—Elaborate Spectacular Effects.

Yesterday afternoon the ladies of Trinity Episcopal church, with Mrs. Guild as chairman, held a meeting and completed arrangements for the production at the Masonic Temple, on November 4 and 5, of the great spectacular pantomime, "Ben Hur," the tale of the Christ that has become so popularized by that matchless oriental writer, Gen. Lew Wallace, of Indiana.

The people of Fort Wayne can feel gratified over the success of the ladies in securing for the city an entertainment so pure, so classic, so grand, including in its presentation beautiful and dazzling spectacular, pantomimic and tableaurean performance, the equal of which has not been given here. "Ben Hur," as it will be presented, consists of a series of tableaux, scenes, pictures and pantomimic action, each representing the principal events recorded in the book, together with drills, marches, dances and other exercises in groves and gardens of the palace and temple. It is an entertainment that cannot fail to please a cultured and fine audience. The Temple will take part and the rehearsals will be taken up in about a week, under the direction of W. C. Clark, who is the proprietor and manager and who has secured the exclusive right to produce the piece, by special contract with General Lew Wallace.

WILL PUT UP MONEY

Syndicate Wants to Engage in the Sugar Beet Industry.

Will Furnish Half of the Capital if Somebody Will Furnish the Other Half—Promoter Schwergen Here.

The sugar beet industry question is again before the people.

This morning Joseph Schwergen arrived from Chicago, and in behalf of a syndicate makes the proposition to put up $200,00 towards the erection and equipment of a beet sugar factory if somebody else will put up the other $200,000 necessary. It is figured out that the operation and equipment of the plant will cost $350,000, and that $50,000 will be required for working capital.

Mr. Schwergen interviewed Alexander Johnson, of the state institute, as an authority on beet culture. Mr. Johnson assured him that the farmers of Allen county could raise the beets if the factory would materialize. Capitalists will be seen by Mr. Schwergen tomorrow.

The handsomest Fountain Dental Cuspador in the world may be seen in the window of Wentworth's drug store. It is called "The Four Jess," and is manufactured by the Peerless Fountain Cuspador Co., of this city.

A telegram from Captain Rankle states that the factory boys will be mustered out of service next Tuesday.

PREPARING FOR WAR

France is Getting Ready for a Conflict.

Great Activity in the Arsenal at Toulon.

Immense War Stores are Being Shipped.

Naval Officers are Recalled from Leave of Absence—Official Denials of a Crisis Not Believed.

PARIS, Oct. 19.—In spite of semi-official denials, the Echo de Paris, asserts today that the embarkation of war materials and supplies continues at Toulon, adding that extraordinary activity reigns at the arsenal there.

Four iron clads and three cruisers are embarking ammunition and war materials. Two transports are almost ready for sea.

All French naval officers on leave of absence, have been recalled.

The naval authorities at Toulon are very reticent.

BRIDGE MAY BURN.

PARIS, Oct. 19. The Matin says Premier M. Brisson, through ill-health, wishes to retire from the cabinet.

His successor may be M. Bourgeois, now minister of education.

VOTED IT DOWN.

Episcopal Convention Decides Against Three Dioceses in Indiana.

WASHINGTON, D. C., Oct. 19.—The division of Indiana into three dioceses, the southern to be a missionary jurisdiction, caused a spirited debate in the house of deputies of the Episcopal convention today.

The committee on new dioceses divided on the subject, the majority reporting against the southern Indiana missionary jurisdiction and the minority favoring it.

It was argued by the Indiana delegates that while missionary work was being done in foreign lands and in the west, yet that in southern Indiana, the very nearest of the country and center of population, there never had been any churches or any church work.

The discussion consumed most of the morning's session. The majority report against the selection of the southern Indiana missionary diocese finally was adopted.

PEACH ORCHARDS DOOMED.

Rot and Mysterious True Disease Works Havoc in Michigan.

KILEO, Mich., Oct. 19.—The vast peach orchards of southwestern Michigan are being destroyed by a new true disease, which is fearfully more alarming than the dreaded yellows.

The disease was first noticed two years ago and, owing to its peculiar effect, which is a stunting of the fruit, when about the size of hazelnuts, has locally been given the name of "little peaches." The two years have been so fearful that several large orchards have been annihilated.

In many particulars the new disease resembles the yellows, and in many is considered a new form of that disease; but it spreads much more rapidly and causes the trees to die at the end of the second year, while with yellows the trees will live from three to five years.

In Kalamazoo township alone about 4,000 trees have been destroyed this season, and unless a remedy is soon found the farmers of southwestern Michigan will go out of the peach business.

WILL NOT PAY TRIBUTE.

Heated Conversation Between Rockefeller and Reed.

COLUMBUS, Ohio, Oct. 19.—Attorney General Monnett returned yesterday from New York, where he has been trying to elicit facts from the Standard Oil company. Mr. Monnett said he had sufficient evidence to show that the trust has been avoiding the order of the supreme court rather than obeying it. Said he:

"The officers of the trust have got the idea that this proceeding is brought by George Rice, of Marietta, to extort money from the trust. In the sensational encounter between Mr. Rockefeller and Mr. Rice, which has been reported somewhat exaggerated in the newspapers, Rockefeller cried out: 'No, sir; millions for defense, but not one cent for tribute.'"

The attorney general said this incident had escaped the newspapers entirely. He was standing near the two men at the time and was fearful that a tragedy might result.

CASE IS GENUINE.

Miss Beck Has Yellow Fever at Warren, Ohio.

WARREN, Ohio, Oct. 19.—Word comes from Newton Falls that Dr. C. O. Probst, of the state board of health, is convinced that Miss Blanche Beck, of Paris township, who recently arrived from Mississippi, has genuine yellow fever.

Miss Beck is showing all symptoms of the disease and is rapidly growing worse. Strict quarantine regulations are enforced and it is believed but few people have been exposed.

Mrs. G. S. Buckley and son, Harry, and her mother, Mrs. L. A. Johnson, of Kenton, Ohio, are guests of Mr. and Mrs. I. E. Allen, of 113 Madison street. They drove by carriage making the distance of 125 miles in three days. Before returning home the visitors will be guests of Mr. and Mrs. George Allen, of 441 Broadway.

FIGHT FOR A CHILD.

Habeas Corpus Proceedings for Celestine Springer.

Allen County Orphans' Home Wants Jasper and Florence Tilberry to Give Up the Girl—Notes.

In the circuit court this morning the Allen County Orphan's home commenced habeas corpus proceedings against Jasper and Florence Tilberry for possession of Celestine Springer, aged twelve years. The child was at one time an inmate of the orphans' home, and was bound out to Mr. and Mrs. Tilberry, the contract being that they should give the girl schooling and not indenture her. The complaint in the habeas corpus suit alleges that the child has been overworked and has not had opportunity to go to school or church. Judge O'Rourke issued the writ and ordered the girl brought into court next Friday at 1:30 p. m. Mr. Tilberry is a farmer.

SUIT CASE DISMISSED.

Judge Dawson this morning dismissed the suit of Edith B. Guin vs. Isaiah and Emma Guin. It was a suit for alienation of the husband's affections, and one of the plaintiff's material witnesses was absent. Defendant admitted the testimony which it hoped to introduce by the absent witness and then Attorney E. V. Emrick asked that the suit be dismissed. A new suit will be commenced.

NOTES.

Courtwright and Cook, receivers for Bunn & Taft, will continue to retail stock until October 29, on which date an invoice will be taken and on November 1 the stock will be sold in bulk to the highest bid or bidders.

The jury in the case of Jesse W. Smith & Randall returned a verdict for plaintiff for $174 65.

Abraham and Isaac Wolf have commenced suit against John H. Weeks at el for $500 due on note.

The county commissioners were today allowing claims.

'SQUIRE IN JAIL.

Cassius C. Bricker Arrested by Deputy Marshal Rose.

He is Accused of Writing an Obscene Letter to His Wife and Sending It Through the Mail.

'Squire Cassius P. Bricker, of Edgerton, is in the county jail. He was arrested this morning by Deputy United States Marshal Rose and brought to this city on the Nickel Plate noon train.

Some time ago Bricker had some trouble with his family and he was arrested by Sheriff Meiching and lodged in jail.

An effort was made to have him declared of unsound mind, but a cog slipped in the proceedings and he was released.

Bricker went back to Edgerton and one night the sheriff received a letter from Lisson asking him (the sheriff) to come down and arrest the 'squire. Deputies Lindenmuth and Wilson went to Edgerton at midnight, but the 'squire had learned of their coming and skipped across the state line into Ohio. It was while in Ohio that he wrote a letter to his wife which is now in possession of the United States authorities. Bricker was not chosen in his use of language and his arrest for sending obscene matter through the mails is the result.

Carrying coals to Newcastle has always been regarded as a synonym for lack of judgment in business, but according to recent reports of the American consul, American silk is now being sold in Lyons, which has long been known as the real center of the silk trade in Europe.

Justice Harlan, of the United States supreme court, has gone wild about golf and thinks nothing of getting up at 6 o'clock in the morning to enjoy his favorite game. He declares that if his colleagues would follow his example and spend three or four hours in exercise in the open air every morning it would be a great deal better for the cause of justice.

Some of the discouragements of the advocates of higher education; some of the force of the argument of those who contend that a college course is of no practical benefit, may be realized by a contemplation of the case of a Yale student who was not a freshman—at least not in the catalogue—and who paid a peddler $9 in cash, a note for $20, two coats and a pair of trousers for a "hand-painted etching" which has since been valued by the police and other art critics of New Haven at twenty-five cents.

Representatives of foreign governments are trying to secure from the Washington naval authorities the secret of the marvelous gunnery displayed by American sailors, but the navy department is not disposed to freely give information on this subject. The request is flattering, but if there really is a secret it is just as well to keep it. If the foreigners will consult American history, however, they will probably find that it is an American characteristic to shoot straight. It seems to be in the blood.

Austrian and Hungarian manufacturers are organizing a floating exposition, as did Switzerland in 1860. A steamer loaded with sample products from Austro-Hungary will visit ports in the Orient, India and islands in the Pacific and Indian oceans. One of the points to be visited is Manila. The presence in the city last night and today of Hon. Samuel M. Ralston, democratic candidate for secretary of state, afforded many Fort Wayne democrats the pleasure for the first time of meeting the man who heads the state ticket. Mr. Ralston is one of the ablest democrats in Indiana and has the genuine qualities of leadership. In appearance somewhat and in manner and character, distinctly he resembles the lamented Claude Matthews. Mr. Ralston is making an effective canvass and his campaign work is of marked benefit to the democratic party wherever he goes. The more he is known the stronger he becomes in the esteem of democrats. He is rapidly growing into the position of one of the great leaders of the Indiana democracy.

White County Commissioner McGregor, of Indianapolis, began his campaign for re-election on the republican ticket, he took the trouble to provide himself with a new pair of trousers. They were not loud nor in any way conspicuous, but they have come to the front in a way to sink all other issues and require a revision of the campaign speeches on both sides. This is because a sharp-eyed democrat, becoming suspicious of the cut and fit of the "pants," set on foot an investigation, which showed that they had been constructed in a nonunion shop. The Central Labor union took the matter up, and now Mr. McGregor has discarded the pants, and is devoting all his time to explaining that he was ignorant of their origin.

The St. Louis board of health has decided to make an appeal to congress to prevent the emptying of Chicago's sewage, through the drainage canal and the Illinois river, into the Mississippi. The people of St. Louis believe that the health of the city and the welfare of the people living along the two rivers will be endangered by Chicago's new method of disposing of its sewage. This whole question has been discussed over and over again within the past few years, and it is generally understood that the experts on the question have decided that a sufficiently large flow of water will be turned from the lake at Chicago through the canal and into the rivers to remove all danger of contagion from the drainage. If that has not been definitely and certainly decided St. Louis has not been watchful of its interests. The Chicago drainage canal has been under construction for many years. It has cost millions of dollars and is the most extensive project of the kind that has ever been undertaken in any country. There have been repeated and urgent protests against it from people of towns and cities along the canal and the Illinois river, but Chicago has obtained authority from the state of Illinois and from congress to carry out its great plans. The protests of St. Louis at this late day are likely to be of no avail, since they were overruled when the canal was projected and have not been effective since to stop the construction of the canal.

HEARD RALSTON.

Democratic Candidate for Secretary of State Talked.

He is Confident the Democrats Will Make Great Gains and Indiana Will Drop Back Into Line.

Hon. Samuel M. Ralston, democratic candidate for secretary of state, addressed a fair sized audience in the city hall last evening. Mr. Ralston arrived in the afternoon and was visited at the Randall hotel by a number of prominent democrats. In the evening the weather was chilly and threatening and the attendance at the city hall was not as large as it should have been, although comfortably filled. Hon. R. C. Bell called the meeting together and, in a few patriotic and encouraging remarks, introduced Mr. Ralston, who prefaced his speech with the statement that he had always been a democrat and considered it an honor to meet with the democrats in good old Allen county. He was disappointed in the vote cast in the "Gibraltar of Democracy" in 1896, but reliable advices were that Allen would this year roll up one of its old-time majorities and do much toward wheeling Indiana back into the democratic ranks where the Hoosier state belonged. Mr. Ralston then proceeded to discuss the living issues of the day, and especially severe was he in telling of the inconsistencies of the alleged "grand old republican party." He showed how the republicans were hoping again to win the election through the support and machinations of the corporations, trusts and all centralized capital, but he believed that the people this year would vote for themselves. He handled the money question in an able manner, and demonstrated by consistent argument that the democratic stand for bimetallism was certain in the end to receive the support of the people. The speaker also discussed state issues. Many times during his address was Mr. Ralston interrupted by hearty applause.

Big Meeting to be Held by No. 36 Tomorrow Evening.

A letter received by Norton Conover announces that the grand master workman of Indiana, T. D. Neal, of Indianapolis, would arrive in this city Thursday and attend the meeting of No. 36 that evening. It is therefore important that every member of the order in this city, irrespective of local lodge affiliation, embrace this opportunity of hearing an address explanatory of the new system of assessment recently adopted and benefits to be derived therefrom. The marvelous growth of the order in the central and southern part of the state recently has awakened an interest everywhere and it is proposed to inaugurate a friendly contest between the north and south portions of the state, the dates, prizes, etc., to be decided upon in the near future. The order will celebrate the twenty-ninth anniversary of its organization on a grand scale at Mount Vernon October 27 and it is presumed that Fort Wayne will be well represented on this occasion. The program, as arranged, is said to be an elaborate one, surpassing, if possible, the Terre Haute celebration one year ago.

WINTER'S CHARITY.

Grand Benefit Entertainment Will be Given in January.

A Sub-Committee of the Associated Charities is Making Arrangements—Applicants for Aid are Numerous.

The executive committee of the Associated Charities held an important meeting yesterday afternoon for the purpose of planning for the fall and winter work. Plans were freely discussed in regard to finances and one of the conclusions reached was to give a grand charity entertainment next January. It is the desire to make this an important local event and it is proposed to interest not only the musical but other talent of the city, and the plan as discussed promises one of the noteworthy events of the year. A subcommittee has charge and will report in a few days to a full meeting of the executive committee. Some of the statements made public in regard to this matter are misleading, and especially so the one indicating that the society is not in need of funds at the present time. The facts are that money for carrying on the work of the Associated Charities is absolutely necessary, and the proposed entertainment cannot provide for that necessity. Notwithstanding the fact that work in some lines has been better during this summer than during the previous one, there are a great many men out of employment, and if the winter is at all severe, the charitable associations will have all they can care for. Thus far this fall the applications for aid to the Associated Charities have exceeded those made during the same period last year. The members of that organization do not attempt to explain the reason, but the fact exists. These necessitous cases must be cared for, and through the workroom for women and the labor yard for men, the Associated Charities desires to do its share, but for this purpose money is required and it is necessary to secure it at once.

AT THE TEMPLE.

Boston Lyric Opera Company at the Temple Theatre Next Week.

The famous Boston Lyric opera company of over forty people commence a week's engagement at the Temple theatre next Monday, Oct. 31, with two matinees, Wednesday and Saturday.

This company's reputation for excellence of production, grand list of principals and superb chorus, are well known in this city, and there is no question but what the week's engagement will be one of the big successful events of the season.

Popular prices will prevail, thus affording everyone an opportunity of attending the performance of this great company.

The opening opera will be "The Beggar Student," one of the most popular of comic opera.

The box office opens for sale of seats for the week Friday morning.

The week's repertorie will be announced later.

Superintendent Study's first monthly report shows that there was an attendance during September of 4,699 pupils, which is about the same as last year. Of the total number of pupils in the schools 3,106 are in the primary departments, 1,229 in the grammar departments, and 345 in the High school. Nineteen are in the training school, against sixteen last year. It is expected that when the Hoagland building is thrown open the attendance in the public schools will reach 5,000.

SELECT AN ELEVEN.

Foot Ball Supporters Met Last Evening and Decided on a Team.

A number of lovers of foot ball met in the Athletic club rooms last evening to discuss the prospects for a first-class foot ball eleven in Fort Wayne this fall. S. C. Moffat presided, and Thad Monahan acted as secretary. It was the general opinion that Fort Wayne had the material to organize a team that could successfully cope with any elevens at present organized in northern Indiana, southern Michigan and western Ohio. It was finally determined that the city could support an eleven. The personnel of the team is as follows:

Right End—Olds.
Right Tackle—McCurdy.
Right Guard—Johnson.
Center—Loveless.
Left Guard—Folgener.
Left Tackle—Bond, Dick.
Left End—Moring.
Quarter Back—Monahan, Kienets.
Half Backs—Orff, Charles Bond, Klein.

PATRIOTISM PROVES FATAL.

Miss Walworth, Who Nursed Sick Soldiers, Dies of Typhoid Fever.

New York, Oct. 19.—Miss Reubina Walworth died yesterday after a five weeks' illness of typhoid fever, contracted while nursing soldiers at Camp Wikoff. Her mother, Mrs. Ella Hardin Walworth, is at the head of the Women's National War Relief association. Miss Walworth was a Vassar graduate. When war was declared she left a school where she was teaching and took a course in nursing. When the camp at Montauk Point was established she went there as a nurse and devoted herself assiduously to the care of the sick and wounded soldiers.

FLOWERS TAKEN UP.

The City Parks Denuded by Park Superintendent Goers and His Force.

Today the flower beds at the city park were bared by the removal of the more valuable plants to the city greenhouse and the free distribution of the rest among the applicants who presented themselves. A man was stationed at each park to give away the flowers to all who desired them, and as a result of this thoughtful act many homes will be beautified and made cheerful this winter. The park season lasted one month longer than last year. In 1898 there were some heavy frosts in early fall and by the 25th of September all the plants had been removed.

Miss Adella Kratsch gave a progressive pedro party at her home, No. 212 Francis street, last evening, in honor of her guest, Miss Ida Koons. About twenty-five of her friends were present. Refreshments were served at a late hour.

FOR PRISON REFORM

Prison Men's Convention at Indianapolis.

Hon. T. E. Ellison Presents the Report of the Committee on Reform Laws.

Indianapolis, Ind., Oct. 19.—The National Prison association has decided to hold a midwinter session of the association in New Orleans in January for the purpose of influencing the people of Louisiana to adopt better prison laws.

It was decided to hold the annual meeting of the association next fall in Hartford, Conn.

Charles Dudley Warner addressed the association on the treatment of prisoners.

He indorsed the reform movement and expressed the conviction that it was possible to take the worst criminals and make new men of them by treating them as men.

SENATOR ELLISON'S REPORT.

The report of the committee on prison law reform was made yesterday afternoon by Hon. T. E. Ellison, of Fort Wayne.

He said that the subject covers every one with which the association has anything to do. The committee, he said, had letters from persons in every state in the union, in which they say they are in favor of bringing about a better condition of affairs and of having the laws more closely followed. He said that in 1816 and 1852, when the Indiana constitution was formulated, the principle was that criminal laws should look toward reform rather than vengeance.

PRISON REFORM IN INDIANA.

Not much was done after this until in 1897, when the sentiment of the people of the state became stronger in favor of reform institutions. He said he did not think a future legislature would have the courage to go backward in providing laws contrary to those now existing. There are people in Indiana who oppose reforms, Mr. Ellison said, but they would rather do nothing than change the practices of their fathers. He held that the indeterminate sentence law has been of great benefit to the state, as it has made the conviction of guilty criminals more certain and has reduced the cost of holding the trials. He upheld that part of the law which gives to the prison board authority to regulate the time a man must remain in prison, where the prisoner is a violator of laws of the institution. Prison boards, he said, are often as capable as a judge or a jury, and often can act with greater disregard of public clamor than either or both of them.

"There should be a law in every state," he said, "which will enable a convict to lead a better life if he desires to when he has left the prison walls."

CONVICT LABOR QUESTION.

On the subject of convict labor, Mr. Ellison, continuing, said:

"This subject seems to be a common meeting ground for all who like to talk. The walking delegate, the radical labor agitator, the prison contractor who wants to buy and use the very life blood of his fellow man, the prison official, the taxeater all discuss it. At the last session of the legislature in Indiana a bill was passed that prohibits the making of contracts for the hiring out of convicts and directing the establishment of the public account system. As a member of the senate I opposed its passage, not because I was in favor of the contract system, for I thought it a relic of slavery and barbaric cruelty. While the system has of late been rid of many of its improper features, there still remains enough of the traffic of human blood and brain in it to condemn it in the minds of all humane people. * * * Since then I have given the subject much thought, and while I know that all systems have their weaknesses, I am of the opinion that the New York scheme is the best that has yet been evolved. The prisoner must work, not only for his own good but society can not tolerate a drone. If we are to reform the convict, we must see to it that he is educated and trained so that he can care for himself, and that when he can he must do it. If we fail to do this, the social fabric will decay and break in fragments. I do not believe that the question of competition with free labor should be seriously considered for a moment. The amount of prison-made goods is too inconsiderable.

"The state needs competent and trained citizens more than it does a continued criminal class, who do evil because they do not know how to do better. Whenever a citizen has shown that he has not the moral stamina to live a correct life by the commission of what we call a crime, he should be taken in hand and taught how to live, and be disciplined till he obeys the silent and inexorable command of society, to be up and doing. * * * A man convicted of crime does not lose his ability to think or to know that he is being trifled with. If you want others to do as you wish, you must make them believe you are thoroughly in earnest and that you are demanding of them all their powers and activities. If you want a prisoner to become a good citizen you must inculcate within him the hope and belief that he can do so. * * * Let all prison labor be utilized as an educator for the benefit of the state. If the receipts do not equal the expenditures in money, it will more than pay the state in the moral worth and manhood of these new citizens. If one is saved, many in future will rise up to call the effort a blessed one rather than to curse the system that made enemies to society out of their forefathers."

MUNICIPAL AFFAIRS.

Board of Safety Changed Rules Governing Applicants.

The Water Works Trustees Will Open Bids Tomorrow for New Engine and Pump—Notes.

The board of safety met Monday evening and made the long anticipated changes in the qualifications governing applicants for positions on the fire department. There were to exceed 100 applications for the twelve places to be created when the new engine houses are completed and the board determined to select only the men best physically qualified to fulfill the duties of a fireman. The age limit of applicants was fixed at from twenty-one to thirty-five years, height five feet eight inches and weight 160 pounds. This change disqualified a large number of applicants and twenty-five or thirty applications were sent back with notice that the applicant did not answer the requirements, physically, for appointment to the department.

ENGINE FOR WATER WORKS.

The water works trustees will meet tomorrow afternoon and open bids for the new engine to be purchased for use at the new pumping station on the Pape land. The capacity of the new engine will be 5,000,000 gallons every twenty-four hours. The engine now in use is the Holly and W. H. Haimet, representing the Holly Manufacturing company, is here to bid on the new engine. He says that the Holly company is placing two 15,000,000 capacity pumps in Evansville and two of 35,000,000 capacity in Boston.

MILK TESTS.

City Bacteriologist Drayer informs The Sentinel that the board of health is preparing to publish the milk tests of the several dairies which deliver milk in the city. Of the ten last tests made three of them fell below the requirements of the city ordinance. Dr. Drayer says the only safe chance to get pure milk is to purchase of those dairymen whose herds have been examined and who can present certificates of health for their dairies. The board of health may make an exhibit of milk in some show window, so that the consumers can see for themselves the impurities that are found in much of the milk which falls below grade.

MISSIONS ABROAD.

Miss Hudson Talks of Her Work in Far Off India.

Interesting Sessions of the Convention of the Woman's Foreign Missionary Society.

The session of the Woman's Foreign Missionary Society was opened this morning at the Wayne street M. E. church with a praise service conducted by Mrs. Long, of Angola. The meeting was full of interest. The reports showed a wonderful increase of receipts over last year. Some excellent papers were read. The officers elected for the ensuing year were as follows:

President—Mrs. L. R. Hartman, Fort Wayne.

First Vice President—Mrs. E. Zimmerman, Auburn.

Second Vice President—Mrs. J. S. Krewson, Ossian.

Third Vice President—Mrs. T. M. Guild, Auburn.

Corresponding Secretary—Mrs. I. F. Mason, Fort Wayne.

Recording Secretary — Mrs. S. Light, Bluffton.

Treasurer—Mrs. T. O. Spaulding, Fort Wayne.

Among those present this morning were Presiding Elder F. T. Simpson and wife, Rev. C. U. Wade and wife, of Muncie; Rev. O. J. Harrison, of Markle, and Rev. T. M. Guild and wife, of Auburn.

This evening Mrs. Gill, returned missionary from England, will give an interesting talk. The Wayne street double quartet will furnish good music.

MEETING LAST EVENING.

The most interesting feature of last evening's program was the talk by Mrs. Hudson, who told of the difficulties that beset the missionary in India. Mrs. Hudson, who is the conference secretary, has had opportunity to study the phases of missionary work in this far off land, and her history of the hardships and obstacles that must be met with was vivid and intensely interesting.

She told some stories of the missionary life in India, speaking of three Chinese girls who had been educated in the medical department of the University of Michigan, and who returned to their homes in the Celestial kingdom and are now conducting Christian missions and healing the sick.

The speaker also gave a glimpse of missionary work in Corea.

A report of the twenty-eighth annual meeting of the northwestern branch of the Woman's Foreign Missionary society was read by Mrs. Carrie Schrader Gessaman, and it proved that the financial condition of the society showed an increase in receipts. She told of the Nicodemus home, the Calcutta Girls' High school and other institutions in which the society is interested. The total receipts of the society for the year were $84,136.35.

During the afternoon session yesterday the chair appointed the following committees:

Resolutions—Mrs. F. M. Kemper, of Angola; Mrs. Dr. Newman, of Ossian, and Mrs. Marsh, of Bluffton.

Committee on Woman's Missionary Funds—Miss Carrie A. Smith and Mrs. Powell.

Committee on Enrollment—Miss Luella Boles and Mrs. G. S. Miller.

Committee on Literature—Mrs. M. A. Mason and Mrs. Carrie Schrader-Gessaman.

Committee of the Press—Mrs. William Brizolari.

"The Young Ladies' Missionary circle of the Wayne Street church gave a delightful reception in the lecture rooms of the church after the evening session. In a pretty alcove at the end of the room a bevy of the misses served punch to their guests, and everybody mingled in social converse. The young ladies having the affair in charge were Misses Iva Maxwell, Myrtle Maxwell, Grace Tinkham, Grace Harding, Grace Davis, DeEtta Davis, Grace Walters, Gertrude Wilding and Luella Boles.

LAFAYETTE DAY.

Exercises Held in the public and Parochial Schools—Collection Taken Up.

This is the day set aside for the observance of Lafayette day in the public and parochial schools. Exercises appropriate to the occasion were held this afternoon, and collections were taken up, no pupil being allowed to give more than five cents. The amount thus raised will be forwarded to apply on a fund for the erection of a monument to the heroic soldier who did so much toward bringing about American independence.

NO FAITH CURE.

About Stuart's Dyspepsia Tablets.

They Cure Stomach Troubles and Indigestion Anyway—Whether You Have Faith In Them or Not.

Mere faith will not digest your food for you, will not give an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 98 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized package, or by mail from the Stuart Co., Marshall, Mich.

The suits that keep their shape are found at Patterson's.

18 Sefton Drive, Liverpool, July 28, '98.

I have much pleasure in stating that Miss Oliver recited a passage from the Bonnie Brier Bush in a way that gave me much satisfaction and showed a thorough understanding of the spirit of the book. Miss Oliver also renders the Scottish accent excellently.

UTAH KIDNEY BEANS

The Great Kidney and Bladder Remedy.

A certain cure for Bright's Disease, Diabetes, Dropsy, Stone in Bladder, Gall Stones, Inflammation of Kidneys & Bladder, Incontinence of Urine, Retention in Urine, Sediment in Urine, Scalding Urine, Difficulty in Passing Urine, Bed-Wetting of Children, Rheumatism, Dropsical Swellings, Pains in the Back, Irritation and Pains in the Bladder, Palpitation of the Heart, Pains under the Shoulder-blades, Extreme Pains in the Loins, Sallow Complexion, Blotches, Continuous Headache, Great Thirst.

Beware of Liquid Kidney Remedies! they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the disease. Utah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hull, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses Utah Kidney Beans for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give Utah Kidney Beans a standing that no other kidney remedy in the world has. Mrs. Hull received great benefit from the use of Utah Kidney Beans; they gave her new strength and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

WABASH CHANGES.

Foremen of Several Shops Transferred.

George F. Hess Promoted From the Ranks of Machinists—The Pennsylvania Will be Used by Proskowetz's Slayer.

Master Mechanic O. H. Doebler, of the eastern division of the Wabash, has made a general change and transfer in the foremanship of the shops on the division, outside of Fort Wayne. The changes are as follows:

Charles H. Folske, transferred from Montpelier, Ohio, to Delray, Mich., to take the place of H. K. Mudd, resigned.

George F. Hess, a machinist in the shops in this city, appointed foreman of the Montpelier shops.

G. J. DeVilbiss transferred from Andrews to Tilton.

J. L. Flynn, assistant foreman at Andrews, made foreman of those shops.

Charles Z. Bond transferred from Tilton to Fort Wayne, where he will be made a gang foreman.

These changes are regarded as promotions and are entirely satisfactory to all concerned. George Hess has been with the Wabash only a short time, his service dating from the time of his resignation last summer as engineer of the city pumping station. He is prominent in labor circles in the city, being the president of the Trades and Labor council. THE SENTINEL bespeaks for him rapid rise and a prominent place in the official roster of some railway.

A SALE AVERTED.

In the federal court at Indianapolis Volney T. Malott, receiver for the Vandalia railroad, asked permission to pay $93,030 due as interest on the bonds of the Terre Haute and Logansport railroad, which is being operated under lease, and which was to have been sold October 20 to satisfy the claims of the bondholders for $1,000,000, with interest, from July, 1897. In the petition the receiver sets forth that by paying the interest of $93,030 the sale can be prevented, and as the money can be spared for the purpose it is desirable to save the road to the company besides saving the immense costs which are bound to be levied should the road be sold. Judge Baker granted the order authorizing the payment of the money, thereby preventing the sale, which was to have taken place at Crawfordsville tomorrow.

FORT WAYNE CAPITAL INTERESTED.

The Portland Commercial says: "A number of well known business men of this city are making a strong effort to have a large wheel manufacturing plant in this city, and thus far are succeeding very nicely and feel that the proposed industry is well within reach. Parties from Fort Wayne, also Galion, Ohio, have an eye on the old Haynes wheel works with a view of starting the machinery to going and giving employment to a number of hands. W. S. Fleming owns the building and has agreed to sell it for $3,800 and give $200 to his share toward having the heterprise here. The parties who have in mind consideration will locate in Portland and carry on the factory provided the plant is given to them. In order to do this a committee was appointed at the meeting held in the council chamber last evening to solicit funds. This committee will start at work this morning and succeeded in raising quite a sum, with more to hear from. It is expected that the matter will be closed up very shortly, as some of the people interested are looked for, today. Portland needs enterprises of this kind, and needs them badly; and if they are wanted there is no better time for the citizens to lend their aid toward getting them."

WILL SUE FOR DAMAGES.

A special telegram from Wabash, Ind., to the Indianapolis News says that the Pennsylvania company will be made defendant in a suit for heavy damages for the accidental killing of the Austrian consul general, VonProskowetz, in Fort Wayne several weeks ago. The public has been expecting an announcement of just such a character, but will be surprised at the source from whence it comes. It has been said that the Pennsylvania company's employes should have locked the car door, thus averting the deplorable accident. In this connection it will be interesting to know that the laws of Indiana prohibit the locking of car doors when the cars are in service and passengers are within. Prior to the enactment of such a law it was the custom of the Pennsylvania company to have its car doors locked when they were being shifted as was the car from which Proskowetz fell to his death. If suit is filed, it probably will be upon some other ground than neglect of the company to have the car door locked.

MORE CARS TO BUILD.

This morning the blacksmith department of the Pittsburg shops made a requisition for material for 200 gondola cars, and as soon as the steel arrives work will commence upon the order. This is in addition to the 108 hopper bottom ore cars the blacksmiths are now working upon. It means plenty of work, not only for the blacksmiths, but for the entire force engaged in building cars, for some months.

A BLACKSMITH HURT.

John Rosh, of the Pittsburg blacksmith shop, received an ugly wound on his left leg, below the knee, this morning by being struck by a tool. The cut was over an inch long and extended to the bone.

SHORT OF HANDS.

A Pennsylvania official said this morning that the company was short on box cars. In fact, there are orders for several hundred cars in excess of the available number. This means that business on the road is unusually heavy. And it is not confined to traffic wherein box cars are employed, for the shortage includes every class of cars used on roads running through Indiana.

BANK CLOSES DOORS.

German National of Pittsburg, In Severe Straits.

Institution Goes Into Voluntary Liquidation—Encountered a Series of Misfortunes—May be Able to Pay in Full.

Pittsburg, Pa., Oct. 12.—Notwithstanding the rumors that have been afloat for some time concerning the financial straits of the German National bank, of this city, the announcement this morning that the bank had gone into voluntary liquidation caused great surprise and many depositors hurried to the bank to find the doors closed. Outside a small crowd assembled, but there was no excitement. The suspension of the bank can be traced directly to two causes, the carrying of too many securities of the Natalie Coal and Coke company, and large loans on insufficient collaterals.

The beginning of the difficulty was nearly a year ago, when the Natalie company's paper became the object of much intricate litigation, in which the German National bank figured.

This was followed a few weeks ago by the sudden retirement of Charles Burgdorf, as cashier. The final stroke was the confession of heavy judgments by Adolphus, Williams G. and O. H. Grootzinger and A. Grootzinger & Sons to Edward Grootzinger and the insurance yesterday of executions.

A. Grootzinger was president of the bank and his financial troubles, it is said, were caused principally by the failure of the Hinson Bolting company in Chicago last week.

Other heavy losses are said to have been sustained, but it was supposed the large personal wealth of the family would enable the firm to tide over the difficulty.

It is said that some time ago the Grootzingers were awarded a contract for many thousand shoe soles by an eastern firm, but, through a misunderstanding of orders, singles instead of pairs were made and on this transaction almost $90,000 were lost.

The German National bank was organized in 1864 and reorganized in 1881. At the beginning of the present year its capital stock was $250,000; surplus, $200,000, and undivided profits, $229,147.

Last year it was paying dividends at the rate of 12 per cent. per annum, and since its organization has paid nearly a million dollars in dividends.

The last statement showed individual deposits of $1,050,000, loans and discounts $1,158,000. Capital stock paid in $250,000; surplus fund $250,000.

It was rumored that the state treasurer had $150,000 on deposit in the bank, but this is denied by the directors. They stated that the deposit had been reduced, if not entirely eliminated, since James S. Bascom became state treasurer.

Bank Examiner Yoeng is now in charge. He says the securities held by the bank are ample to pay all depositors dollar for dollar.

ROMANTIC WEDDING

Sweethearts Meet in Logan in Columbus and Quiet Ceremony.

Columbus, Ohio, Oct. 19.—Mrs. Nannie F. Wade, of Roanoke, Va., and Dr. Thomas F. Taylor, of Danville, Cal., were the principles in a romantic wedding here.

The two were lovers in childhood, each married to another and were widowed by death. After long years they met at the Union depot here. The old spark was rekindled, a minister was summoned and the two were made man and wife in a Pandandle smoking car.

Fifteen minutes later the happy couple were on their way to California.

Postal Inspector Bonfield Dead.

Chicago, Oct. 19.—Former Police Inspector John Bonfield died in this city today of Bright's disease. Inspector Bonfield was famous for his part in the Haymarket riots and the subsequent apprehension and conviction of the anarchist leaders. The deceased was sixty-two years old.

Death of Gerard Frederick.

London, Oct. 12.—Harold Frederick, the London correspondent of the New York Times, died at Henley of heart disease. He had been ill for some time, but recently had improved much in health.

At a regular meeting of the Allen County Medical society, held last evening, Dr. McEvoy and Dr. Mary Wherry read papers. An invitation was received from Dr. and Mrs. A. E. Bulson, asking all members to avail themselves of the hospitality of Pine Bulson home on Tuesday evening, Nov. 1. The invitation was accepted.

Mrs. J. N. Pfeiffer entertained the members of the Lakeside Ladies' Aid society at her home, 50 Columbia avenue, yesterday afternoon. The work for the approaching soldier was outlined and the society will be in a position to do much good work in the charitable lines as heretofore. After the business of the meeting was over an elegant lunch was served.

Yesterday G. V. Kell, who for sixteen years has been secretary of the Farmers' Mutual Fire Insurance association, with headquarters over the Dreier drug store, retired from the office, and the new board of directors and new secretary were installed into their respective offices. W. A. Kelsey is the new secretary, and he will retain the old headquarters. All of the new officers filed their bonds yesterday.

ONE-FIFTH THE COST OF MEAT

Rich Cream

WITH . . . .

Grape-Nuts

A charming dish.

VALUE OF CREAM.

As Compared With Meat.

One of the most valuable items in our dietary is cream, rich cream. The remark is frequently made that "cream is too expensive to use freely." Some people think they must have cream every day at 20 and 25c per pound and do not realize that 5 cents worth of pure cream for breakfast will do more to put on flesh than 25 or 30 cents worth of meat.

An ideal portion of breakfast is that obtained from say, four teaspoons of Grape-Nuts and a little pure, thick cream, either cold or hot.

This is one of the most delicious dishes imaginable and is served without cooking or trouble of any kind and cannot be equaled in point of food value for the human body.

Made by the Postum Co., at Battle Creek, Mich.

The Grape-Nuts, consisting largely of grape-sugar, have passed through processes similar to the first act of digestion and are therefore most easily digested, and in combination with cream, they result in the cream itself easy of digestion.

You May Ponder and Wonder

How and why we can sell Dry Goods, Cloaks, Furs, Dress Goods, Notions, etc., at such low prices. It's

BECAUSE we sell strictly for cash, thereby avoiding losses.

BECAUSE our expenses are lower than any other Dry Goods House in the city.

BECAUSE our large volume of sales admits of small profits.

BECAUSE we give no discount to any one. Here the dressmaker, the salesman, the clergyman, the housewife, the rich and the poor all have the same low prices. No one has any advantage.

The Above Are True Facts.

That's why we can and do at all times sell goods at such low prices.

Now Then, Listen!

BEGINNING TOMORROW AT 8:30 A. M., and all this week, we place on sale 100 Ladies' and Misses' Jackets at $2.98, $3.98, $5.00 and $7.50. Guaranteed to be worth 25 per cent more.

GREAT OAKS

From little acorns grow. Great teeth trouble start with the first stage of decay. Stop it at that stage, or you'll lose the tooth's life or usefulness.

If a tooth filling is needed it will make the operation painless, or prevent pain, and the tooth's life so long will be insured at cost.

Let us examine your teeth to make sure of their condition.

IT ECLIPSES THEM ALL

is the verdict given in the testimonials to the Rheosole piano. You can't beat them for tone, melody, excellence of construction or beauty. They are the highest perfection of the piano makers art, and no home is complete without one. We will sell you one on easy terms and fair price.

Hundreds Made Happy.....

During the past week at Sam, Pete & Max's. The many people who have made purchases in our Clothing department have nothing but words of praise for the beautiful garments and excellent value they secured. We have said we could please you and we never say a thing unless it's so.

Listen to some more things that are so. Beyond all question we have for our fall trade a stock of clothing to which the term "superb" fitly applies, a stock not matched by any other house in Northern Indiana, either in extent, variety or remarkable lowness of price.

Sam, Pete & Max's Overcoats — Which we offer at $7.50 to $20.00 are unlike any others you ever saw at these prices. Better made, more satisfactory as to fit, finer trimmings, cooler styles.

Sam, Pete & Max Suits For Men — At $10.00 to $20.00 are superior in every way to those found at other places for the same money. We invite comment, comparison, criticism. Our suits will please you, and please you fully, completely, abundantly. No half way work about it when you buy Sam, Pete & Max's suits.

Boys' Suits. Overcoats, Reefers. — Any grade you want to buy, at any price you want to pay, provided always that you are willing to pay a lower price here than the same thing costs otherwhere. This clothier's department of ours is assuming immense proportions, our attention to style, choice goods and low prices are attracting all the mothers in Fort Wayne. "What shall we do with our boys?" is no longer a question—Take them to Sam, Pete & Max's, of course.

In Many Places Lowering the Price Means Lowering the Grade. It's the Other Way at

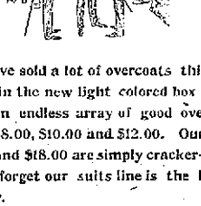
Overcoats

A Necessity.

A fall weight overcoat is an absolute necessity if a man wants to look well and keep well. "Old Pneumonia" just lies around looking for the man without an overcoat. You will find it a good deal cheaper to own an overcoat than to be sick. An overcoat costs less than a funeral.



We have sold a lot of overcoats this fall, especially in the new light colored box coats. We have an endless array of good overcoats at $7.00, $8.00, $10.00 and $12.00. Our lines at $15.00 and $18.00 are simply cracker-jacks.

Don't forget our suits line is the largest in the city.
